GEETHANJALI COLLEGE OF ENGINEERING AND TECHNOLOGY

(UGC Autonomous)

Affiliated to Jawaharlal Nehru Technological University-Hyderabad

ANNUAL REPORT 2016-17

About Geethanjali

Geethanjali College of Engineering & Technology has been structured to take head on the changing trends of technology. The idea of setting up the college emerged when no other college could cater to the needs of a student in his/her endeavour to acquire wholesome education. The very strength of Geethanjali lies in its principles of providing the right learning environment for the student who does not have to compromise throughout the learning process of becoming global citizen.

The college recognizes that the rapidly changing technological landscape would require young technocrats with an understanding of evolving technologies, but also with a global perspective. A major goal of Geethanjali is to impart a uniquely broad and interdisciplinary Engineering education of the highest academic quality. This is achieved through an integrated curriculum that consists of a highly diverse set of technical courses, interdisciplinary research projects, day-to-day interaction with industry, and preparation in entrepreneurship and personality development courses.

At Geethanjali learning pushes all boundaries of conventional thought in pursuit of understanding science in relation to the society. Every concept a Geethanjalite acquires carries the inbuilt awareness of how it can be applied to render human life better.

Over the years since it was established, there has been dynamic progress at Geethanjali in all academic and research activities, and a parallel improvement in facilities and infrastructure, to keep it on par with the best institutions in India. The campus epitomizes the Geethanjali motto, **"Striving towards perfection"** in providing the best of infrastructure and ambience. Geethanjali keeps a keen eye on the current trends and innovations happening in the industry and offers learning methods, which are designed to meet the evolving requirements of the industry.

Vision and Mission

Vision

- Geethanjali visualizes dissemination of knowledge and skills to students, who would eventually contribute to well-being of the people of the nation and global community.

Mission

- To impart adequate fundamental knowledge in all basic sciences and engineering, technical and Inter-personal skills to students.
- To bring out creativity in students that would promote innovation, research and entrepreneurship.
- To Preserve and promote cultural heritage, humanistic and spiritual values promoting peace and harmony in society.

Mr.G.R.Ravinder Reddy

Chairman

Chairman's message

The prestigious, Geethanjali College of Engineering and Technology (GCET), since its inception in 2005 has made remarkable progress by following the mantra of student centric approach, whether it is in academics or in extra and co-curricular activities.

The institute possess a state of art infrastructure with well-equipped laboratories, well stocked library and highly qualified faculty. We at, GCET introduce our students to the Outcome Based Education and trained with skills in various disciplines. In addition to developing excellent scientific and engineering skills, the students are motivated not only to dream big but also encouraged to think unconventionally to face the challenges of the future and provide a platform for Entrepreneurship. It has been our constant endeavour to instil in our students' ethical values thereby making them socially responsible citizens.

Keeping our vision and mission of the institution, we believe in dissemination of knowledge and skills to students, who would eventually contribute to well-being of the people of the nation and global community. As the saying goes "Team Work makes the dream work". At GCET, we have committed team of faculty and staff, the team is continuously striving hard for achieving the vision and mission of the institution.

Dr. Udaya Kumar Susarla
Principal

Message from Principal

We love learning about all the amazing things being done at Geethanjali College of Engineering and Technology. Geethanjali has stood above the other colleges in Telangana state, in its approach to education and pedagogies. The way we teach and the way the students learn are unique and creative. Consequently, we never hesitated to look into our deficiencies and transform us to an efficient institution of social change. Many critics would confirm that the college has substantially contributed for the nation development by providing quality education and thereby enabling the students globally competent. We have many plans and dreams to make this institution to be one among top 10 colleges in the state of Telangana.

We regularly monitor the teaching learning process to sustain the quality of teaching. This will certainly go a long way in enhancing quality in education in accordance with the objectives of the institution and in serving the society at large with sensitivity and commitment. The college has achieved many things notable among them are permanent affiliation to JNTU-H, NBA accreditation for all eligible programs and MoUs with many reputed organizations.

Education is not an act of acquiring knowledge but learning a skill to lead life and forming one's personality. I can boldly say that we have excelled in every initiative that we undertook and we have stood together in facing the challenges in realizing quality education. I feel very happy when the bright and talented students perform remarkably well. However, what makes me happier is when a weak student from a rural background progress steadily from poor performance to better performance, moving towards excellence.

Syllabi/Curriculum revised in 2016-17

REGULATION	DESCRIPTION
AR-16	Curriculum for 1st and 2ndYear was revised and approved by the respective Board of Studies (BoS) of each department.
	By offering soft core electives along with their associated laboratory component student has been given the option to major in a particular field of specialization.
	Several professional elective courses are also offered in emerging areas of technologies.
	A plethora of open electives are offered there by facilitating students to choose courses pertaining to other branches of engineering and humanities and management depending on the student's interest.

Report on Student Induction Program Conducted for B. Tech I year Students

Orientation Programme for the newly inducted students for the Academic Year 2017-2018 commenced on 29th July 2017. Resource persons from Industry and Academia enlightened the students on Communication Skills, Stress Management, Educational Ethics, Problem Solving and Decision Making, Social Service, Goals and Values, Personal Effectiveness and many more interesting topics which are useful for their personal and professional growth. Students participated actively in all the interactive sessions.

Few Photographs of the Orientation Day:
