**Report on Expert Lecture Conducted on 11/08/2017**

**By**

**Dr.K.Subramanya**

DATE: 12/08/2017

Department of Civil Engineering conducted a expert lecture on “**Water Resource Engineering**” dated 11/08/2017 for B.Tech (CIVIL IV year Students) as per the approval of Principal dated 10/8/2017.

Mr. G.Raju, Assistant Professor has introduced the invited speaker **Dr.K.Subramanya**

Prof.IIT Kanpur, to the participants by citing his profile and he was presented a flower bouquet. Dr.K.Subramanya addressed the gathering on the following concepts.

- i. Basics of Water Resource engineering.
- ii. Different design methods.

He also addressed the students about the application of Water Resource Engineering. And there was a 30mins question & answer session on different constructions such as Dams, retaining walls etc..

Mr.D.Ramachander, Assistant Professor has given concluding remarks and Prof. S.Tirupathi Rao presented a memento to Dr.K.Subramanya.

**The lecture strengthen the following POs & PSOs of the department:**

**PO 1: Engineering knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

**PO 2: Problem analysis:** Identify, formulate, review research literature, and analyse complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

**PO 3: Design/development of solutions:** Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

**PO 12: Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

Dear Sir,

The Department of Civil Engineering of Geethanjali College of Engineering and Technology is organizing a guest lecture on 11-08-2017 for III-year & IV-year students to give exposure to the applications of "Water Resources Engineering" in field Civil Engineering. In this regard, we humbly invite you as resource person to deliver a lecture for a session from 11.00 AM – 1.00 PM.

We hope that, you will accept our invitation and acknowledge the same.

With Regards,

DATE: 24/08/2017

Department of Civil Engineering conducted a expert lecture on "**Remote sensing & GIS**" dated 23/08/2017 for B.Tech (CIVIL IV year Students) as per the approval of Principal dated 21/8/2017.

Mr. D.Ramachander, Assistant Professor has introduced the invited speaker **Dr.J.Saindranath, Scientist G (NRSC) and B.Shanthisree, Scientist F (NRSC)** to the participants by citing there profile and they were presented a flower bouquet. Dr.J.Saindranath and B.Shanthisree addressed the gathering on the following concepts.

- i. Introduction to Remote Sensing & GIS.
- ii. How NRSC- National Remote sensing Corporation is working.
- iii. Oppurtunities of civil engineering towards Remote sensing & GIS.

They also addressed the students about the application of Remote sensing and Geographical Information system in Civil engineering profession.

Mr.G.Raju, Assistant Professor has given concluding remarks and presented a memento to Dr.J.Saindranath, Scientist G (NRSC) and B.Shanthisree, Scientist F (NRSC).

**The lecture strengthen the following POs & PSOs of the department:**

**PO 1: Engineering knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

**PO 2: Problem analysis:** Identify, formulate, review research literature, and analyse complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

**PO 3: Design/development of solutions:** Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

**PO 12: Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

DATE: 30/10/2017

Department of Civil Engineering conducted a expert lecture on “**Elements & Vision of Civil Engineering**” dated 28/10/2017 for B.Tech (CIVIL II & III year Students) as per the approval of Principal dated 24/10/2017.

Mr. D.Ramachander, Assistant Professor has introduced the invited speaker Dr.P.V.Dilip Kumar, Associate Professor, Mahendra Ecole Centrale, to the participants by citing his profile and he was presented a flower bouquet. Dr.P.V.Dilip Kumar addressed the gathering on the following concepts.

- i. Application of Mathematics in Civil engineering .
- ii. Basic forces.
- iii. Concepts of Engineering mechanics.

He also addressed the students about different research projects which a b.tech student can perform during final year. And Dr.P.V.Dilip has discussed three research projects in brief as how can an structure be dynamically analysed and results are plotted. There was a discussion on different softwares which can be used in project work like.. STAAD Pro, ETABS, SAP etc..

Prof.S.Tirupathi Rao, has given concluding remarks and presented a memento to Dr.P.V.Dilip kumar.

**The lecture strengthen the following POs & PSOs of the department:**

**PO 1: Engineering knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

**PO 2: Problem analysis:** Identify, formulate, review research literature, and analyse complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

**PO 3: Design/development of solutions:** Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

**PO 12: Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

Department of Civil Engineering conducted a expert lecture on “**Principal Stresses & Strains**” dated 22/01/2018 for B.Tech (CIVIL II year Students) as per the approval of Principal dated 16/01/2018.

Mr. G.Raju, Assistant Professor has introduced the invited speaker Prof A.Nelson (Text book author, Engineering Mechanics) to the participants by citing his profile and he was presented a flower bouquet. Prof A.Nelson addressed the gathering on the following concepts.

- i. Introduction to Stresses & Strains.
- ii. Elastic constants.
- iii. Principal Stresses.

He also addressed the students about the graphical representation also, i.e.. Mohr circle. And later there was a interactive doubts session went on for a period of 30mins before closing the session.

Dr.K.R.C.Reddy, Head of the department has given concluding remarks and presented a memento to Prof A.Nelson.

Department of Civil Engineering conducted a expert lecture on “**Quality in Construction**” dated 18/01/2018 for B.Tech (CIVIL IV year Students) as per the approval of Principal dated 17/1/2018.

Mr. D.Ramachander, Assistant Professor has introduced the invited speaker Dr.Sheshadri Shekar, Dean, NICMAR Hyd-Campus, to the participants by citing his profile and he was presented a flower bouquet. Dr.Sheshadri Shekar addressed the gathering on the following concepts.

- i. Different Construction Techniques.
- ii. Material Specifications for quality constructions.
- iii. Site Investigation of different Constructions.

He also addressed the students about the Practical exposure of the construction in the field for the final year students. He also discussed about the Job opportunities of civil engineering. And later he has briefed about the master Program offered in NICMAR.

Dr.K.R.C.Reddy, Head of the department has given concluding remarks and presented a memento to Dr.Sheshadri Shekar.

Dear Sir,

The Department of Civil Engineering of Geethanjali College of Engineering and Technology is organizing a guest lecture on 18-01-2018 for IV-year students to give exposure on "**Quality Management in Construction**" in field Civil Engineering. In this regard, we humbly invite you as resource person to deliver a lecture for a session from 2.00 PM – 4.00 PM.

We hope that, you will accept our invitation and acknowledge the same.

## FDP REPORT

### DETAILS:

SUB: FDP on " 3D Modeling and Hands-on Experience using CREO 3.0 (Pro E)"

Conducted On: 9<sup>th</sup> & 10<sup>th</sup> Jan 2017.(2 Days)

Co-ordinators: K.Vijay, Asst Prof & B.V.Sravan Kumar, Asst Prof.

No of Participants (Faculty) Attended: 31

**Resource Person:** Mr.K.Kishore, Adroitech Engineering Solutions Pvt. Ltd.

### Outcomes / Benefits of the F.D.P:

- 1) The faculty understood the important of the Pro-E Software in Mechanical Engineering Course.
- 2) The faculty learned how to Design a Components with Pro-E Software
- 3) The faculty got the confidence in all the topics which are covered by the Speaker.
- 4) Because of the more interaction sessions the faculty got cleared by their Doubts.
- 5) The speakers taught the subject with more practical Examples.

GCET, Hyd.

Dear Sir,

Sub: Request for permission to conduct a One week FDP on "Analytical Approach for Air-conditioning Load Calculations"-Reg.

Thermal Engineering group of Mechanical Engineering Department like to bring to your kind notice that it want to update some of the Thermal Engineering courses to meet present industry requirement and curriculum.

In this connection we would like to organize a One week FDP on "Analytical Approach for Air-conditioning Load Calculations" with resource persons from JNTUH, GEETHAM University, MVSR Engineering College and BITS Pilani, Hyd. The FDP is scheduled from 29th May, 2017 to 2nd June, 2017.

Hence we request you to provide permission to conduct One week FDP and release the following budget amount.

Budget Details: Expected number of faculty = 40 to 50, Registration Fee: Rs. 500/- (expected income to college 15,000 to 20,000)

1. Remuneration for Speakers = 50,000/- (Approx.).
2. Printing (Flexi, brochure, certificate etc.) = Rs. 5000/- (Approx.).
3. Food (Lunch, tea and Snacks) = Rs. 15000/- (Approx.).

Total Expenditure amount = Rs. 70,000/- (Approx.)

Thank you Sir,

Yours

(Dr. T. Siva Prasad)

Refrigeration and Air conditioning, the performance level of the students is low. Hence quality improvement of faculty dealing with those courses is required.

Participant Analysis: (It deals with potential learners and instructors involved in the process of training)

All faculty members in the department felt the need for the training in Thermal Engineering courses (TNA from faculty). So far faculty members are not exposed to the quality teaching in the area of Thermal courses. Hence faculty capability in dealing with those courses is limited. If faculty were trained by experts in the area, drawn from MVSR, Geetham Univ., JNTUH, BITS Hyd., quality input leading to quality enhancement is possible.

Work Analysis: (It is an analysis of the tasks being performed)

The main duty of faculty members is to deliver the courses assigned to the quality level of the course. In this respect faculty need theoretical as well as practical aspects of the course. This is lagging in faculty, which leads to the need for provision of effective training.

Suitability Analysis: (Whether training is the suitable solution)

Faculty members are not having any training so far in Thermal Engineering courses. Hence, the proposed FDP is a suitable solution to enhance quality teaching in Thermal courses.

Cost-benefit analysis: (Return on investment)

Proposed training will enhance the skills of faculty members, which intern improve the Teaching-learning process in the Thermal Engineering area. Students will be gaining better knowledge, as faculty members are expected to deliver quality content in the courses after the training. At large students receive quality inputs, which is a required benefit for the cost incurred in the training.

Report on A Two Day FDP on  
Information and Communication Technology in English Language Teaching  
July-14<sup>th</sup> and 15<sup>th</sup> 2017

The first day of the FDP kick started with Dr.Mohanraj addressing the participants on the 'History of ICT in ELT.' He was insightful into various implications of using web tools. The next session by Dr. Amaliraj highlighted the importance of *Learner Autonomy*. Dr. Kishore Kumar addressed the participants on the *Specific Developments in ICT and their Impact on Language Teaching*.

Dr.Suvarna Lakshmi in her session gave 'Hands on Experience' to participants on *Blended Teaching*. Dr. Kshema in her pre- lunch session addressed the participants on 'Digital Literacy- web 2.0 tools'. In her post-lunch session she was instrumental in equating individual learning using web tools in blended classrooms.

The FDP attracted 34 participants from various Engineering and Degree Colleges across the states apart from in-house faculty.
