Department of Electronics and Communication Engineering

Report Submitted to Principal on Webinar conducted on 26-03-2021:

Department of Electronics and Communication Engineering organized a webinar on the topic "*How to Manifest Innovation & Entrepreneurship Ecosystem in the Student Community and Protection of IP for Innovations*" on 26-03-2021 (Friday) from 2:00 PM to 3:30 PM. The webinar invitation was circulated to all the departments and googlemeet link to access the webinar is: <https://meet.google.com/ava-yjsz-trf>.

Dr. M. K. Kaushik, CEO-VIBA (Vaagdevi Incubation and Business Accelerator) was the resource person for the webinar.

- Session was started sharp at 2:00 PM on 26-03-2021.
- Participants from different departments joined the webinar session
- There were **52 participants** attended the webinar session.
- Introduction to the webinar topic was given by **Dr. R.S. Raju**, Dean R&D
- After introduction Dr. M. K. Kaushik started his session. During his session he focused on the following topics:
 - Discussed about the innovations in India and the position of India in global ranking w.r.t. innovations and start-ups
 - Discussed about aspiration of Indian innovations by 2024
 - Defined innovation and entrepreneurship.
 - Had a look on top-5 Eco-Systems in the world.
 - As an academician what we should do? Discussed the role of teacher.
 - Focused on essentials to become entrepreneur.
 - Discussion on the requirement of start-ups.
 - Focused on IPR and its protection.
 - Explained various organizations in India and world, where one can file patents or search existing patents.
 - Patent application, various forms for applying and maintaining patents.
 - Also discussed about registration fees and time line for Patenting processes.

PRINCIPAL
Geethanjali College of Engg. and Tech.
Cheeryal (V), Keesara (M), Medchal Dist., T.S. - 501 301.

- o Finally, he shared his contact details for further discussions.

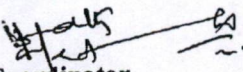

After the session by Dr. Kaushik, concluding remarks were given by Dr. R. S. Raju, Dean, R & D and session was ended at 3:30 PM

OUTCOME: This webinar was helpful to all the faculty members in the following terms:

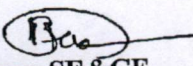

- Knowing the importance of Innovation & Entrepreneurship
- Understanding the role of teacher in student innovations
- How to motivate students towards entrepreneurship
- Protection of innovation by patents
- Understanding the patent filing agencies and norms

Respected Sir,

Sub: Proposal to conduct Webinar on IPR in the month of Feb. 2021 from IQAC - Req.

This is to bring to your kind notice that we need to organize a seminar/workshop on Intellectual Property Rights as per NAAC guidelines (B.3.3.1 in AQAR). In view of this the IQAC would like to organize a webinar on "Intellectual Property Rights" in collaboration with Department of Management Studies in February 2021. We shall be using our college Google Meet application for this webinar.

Hence, we request you to kindly approve the same, so that we can speak to the Resource person for mutually convenient date.

Thanking you Sir,

Dr. B. Leelaram Prakash
Coordinator - IQAC

Webinar on IPR "Demystifying IPR"

By Mr.G.Sravan Kumar, on 12-Feb-2021

Report

IQAC in collaboration with Department of Management Studies organised a webinar titled "Demystifying IPR" on 12th February 2021 for faculty members and students of GCET. Resource person for the webinar was Mr.G.Sravan Kumar, Patent Attorney and Consultant.

Webinar started at 7 pm as per the schedule on google meet platform. Head of the Department -MBA, Dr.J.Pardha Saradhi and the webinar coordinator Mr.Sai Kishore V., welcomed the guest, faculty members and students. IQAC coordinator Dr.B.Leelaram Prakash had highlighted the importance of the topic for the webinar. Mrs.Lavanya had introduced the speaker to the audience.

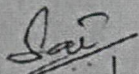

Mr.Sravan Kumar, the resource person for the webinar started his presentation with the introduction and growing importance of Intellectual Property Rights. He further elaborated on power of IPR, Trade marks, Trade secrets and Copy rights. He had given an overview of Indian patent offices and its locations. He explained about different types of patent applications and its timelines.

Participants actively involved in the webinar with their queries during Q&A session and appreciated the presentation. Overall feedback given by the participants was excellent.

There were around 136 participants in the webinar, including faculty members (42) and the students (94).

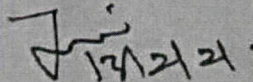

Webinar ended with a summary by Mrs.B.P.S.Jyothi followed by vote of thanks by Dr.B.Leeram Prakash, IQAC coordinator.

Online FDP Programme on
Advances in Computational Fluid Dynamics and Its Applications
Organised by
Department of Mechanical Engineering

To
The Principal
GCET-Hyderabad

Subject:- Budget approval for conducting AICTE funded FDP Programme.

Dear Sir

As a part of AICTE funded FDP Programme we propose to conduct online FDP Programme on Advances in Computational Fluid Dynamics and Its Applications, following budget proposal is finalised as per the guidelines of AICTE

S.No.	Activity	Faculty- in- charge /Resource Person	Total number of classes and proposed budget	Total	Remarks
1.	Remuneration for faculty for FDP classes conducted.	Dr. Ramesh K	44*3500/-	Rs.1,54,000/-	Budget for approval
2.	Remuneration for faculty for FDP classes conducted	Dr. Ankit Ruhi	16*3,500/-	Rs. 56,000/-	Budget for approval
3.	Remuneration for faculty for FDP classes conducted	Dr. Maruthi N. H.	12*3,500/-	Rs.42,000/-	Budget for approval
4.	Remuneration for faculty for FDP classes conducted	Mr. K. S. Shrinath	24*3,500/-	Rs. 84,000/-	Budget for approval
5	Remuneration for faculty for FDP classes conducted	Dr. Anil Kishan	48*3,500/-	1,68000/-	Budget for approval
				Total 5,04, 000/-	

Thanking you

Sincerely

Dr. Subhash Kamal
FDP-Coordinator

Attached

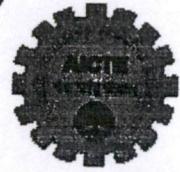

- 1.) schedule (Time table)
- 2.) Brochure
- 3.) Remuneration guidelines

Please go ahead.

HoD Mechanical

Dr. Subhash Kamal
FDP-Coordinator, GCET-Hyderabad

Date: 21-11-2020

Session: 3

Broad Area: Lectures by Eminent People

Topic: Skill Development as per Industry Requirements"

Resource Person and affiliation: Mr. K. Pavan Kumar

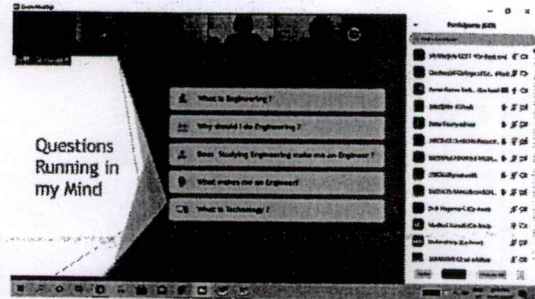

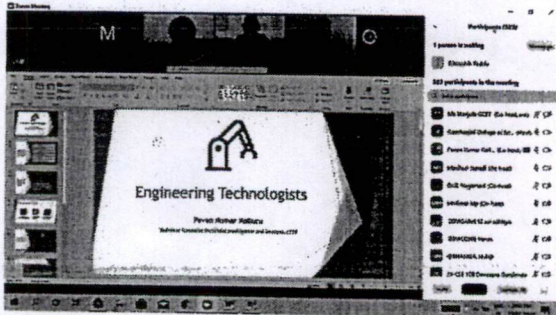

In-charge(s): All faculty of Freshman Engineering Department

Snippets of the session: Mr.Pavan explained the importance of Time Management, Knowledge Management and Effective ways of studying by sharing his experiences. He explained the industry needs trends in changing technology and job market.

Feedback: Majority of the students rated him as an excellent facilitator who delivered an excellent content through an interactive session.

Self-learning Assessment: Students responded appropriately to the questions based on the session.

Date: 21-11-2020

Session: 2

Broad Area: Proficiency Modules

Topic: Proficiency in Logic building and Programming

Resource Person and affiliation: Mr. N. Chandrakanth, Vice President -ACCELQ Technologies, Hyderabad.

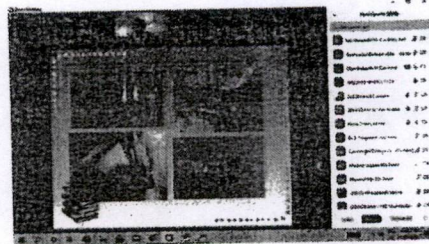

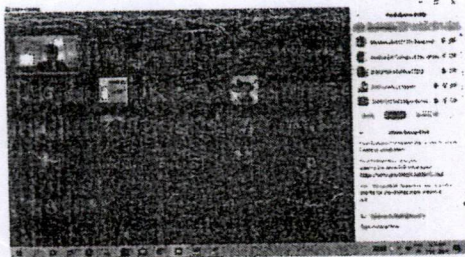

In-charge(s): All faculty of Freshman Engineering Department

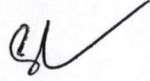

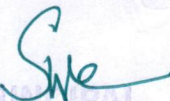

Snippets of the session: The speaker focussed on the importance of logic building as it helps in reasoning through important decisions, solving in problems, generating creative and innovative ideas and for setting goals. Then he moved to the steps involved in improving logic building. The important steps to build logic are observation and thought, attention to detail, creativity and innovation and patience. He interacted with students by raising questions here and there and explained all the steps in detail with good number of practical examples. He concluded the session by saying about his working company and how it is growing year by year.

Feedback: Majority of the students rated the facilitator as excellent in all the three criteria, viz., facilitator's enthusiasm, content delivery and interaction as mentioned in the feedback form.

Self-learning Assessment: Based on the responses of the students, it is clear that majority of the students could relate and remember the aspects covered in the session.

Date: 22-11-2020

Session: 2

Broad Area: Lectures by Eminent People

Topic: Entrepreneurial Skills

Resource Person and affiliation: Mr. Narendra Rahul, Founder and CEO of Parna Technologies and Managing Director of Mrida API Farms

In-charge(s): All faculty of Freshman Engineering Department.

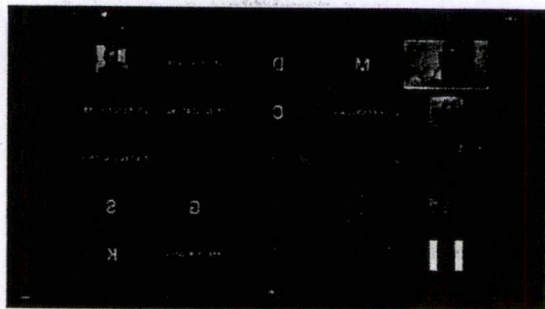

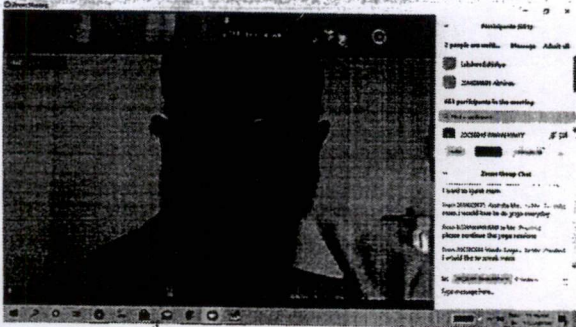

Snippets of the session: The following aspects were focused in the session:

- Goals should be time specific.
- The purpose of setting goals
- Defined what is startup from government's perspective and general perspective.
- Define the term 'entrepreneur and talked about three assets of entrepreneurship (money, A know-how expertise and a team).
- He talked about some of the government schemes which fund for entrepreneurship.
- He shared some tips for plantation.

Feedback: After analyzing the feedback it is clear that the facilitator was enthusiastic, passionate in delivering the content and was interactive.

Self-learning Assessment: Students' responses reflected that majority of the students understood the various facets of Career Guidance and Goal setting.

Session: 2

Broad Area: Lectures by Eminent People

Topic: Proficiency in Problem Solving

Resource Person and affiliation: Ms.G.Harini, Freelancer

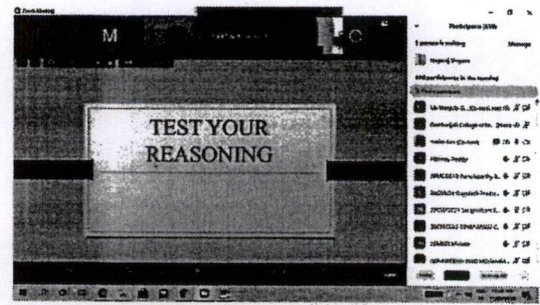

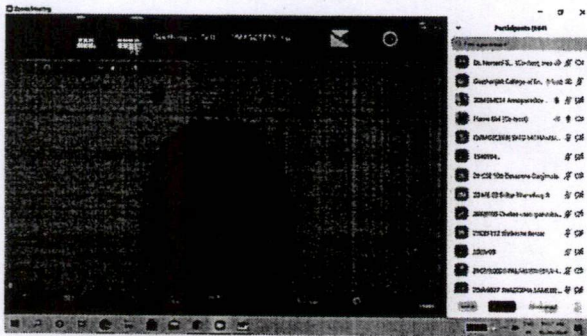

In-charge(s): All faculty of Freshman Engineering Department

Snippets of the session: Ms. Harini, in her session explained the importance of logical reasoning and its applications. She gave several inputs on how to solve various logical reasoning questions. She made the students solve a few problems. The session was interesting and interactive.

Feedback: Majority of the students rated the facilitator as excellent, the delivery of the content was excellent and the facilitator's interaction with the students was also excellent.

Self-learning Assessment: Students' answers reflected that majority of the students' understood the session.

22 FE
Date: 28-11-2020

Session: 4

Broad Area: Lectures by Eminent People

Topic: Design Thinking

Resource Person and affiliation: Sri Bala Ramadurai, Professor NPTEL, Adjunct faculty, IISC Bangalore, IIT-Madras, IIT-Gandhinagar

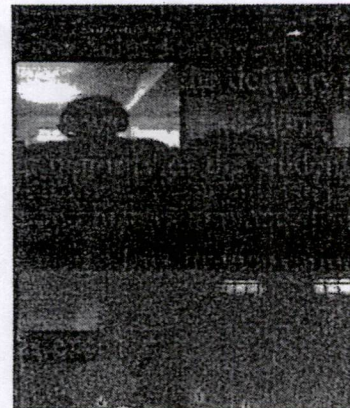

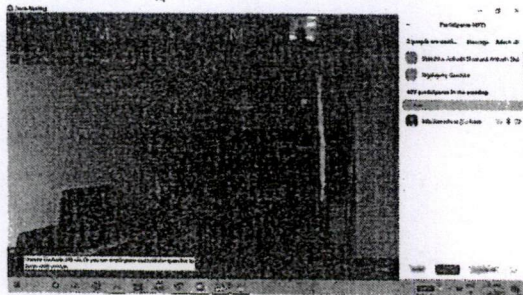

In-charge(s): All faculty of Freshman Engineering Department

Snippets of the session: He started the session with some warm-up activities to make the students understand various scenarios in Design thinking. He has proposed two contrastive approaches to design thinking such as inside out approach and outside in approach to deal with challenges at the work place. He has given various examples how one can design his/her thinking to be successful in the field given. He has discussed how thinking out of the box helped to invent various inventions in the world. He explained the relation between the four noble truths of Buddha (Dukkha, Samudaya, Nirodha and Marga) and the four phases of design thinking (Empathize, Analyse, Solve and Test) to understand the design thinking better. He made the session very interactive and motivational by showing the picture of great personalities and historical places to the students to inculcate how the design thinking help them implement their ideas in innovations. Finally, he asked feedback from the students on the session.

Feedback: Majority of the students rated the facilitator as excellent, the delivery of the content was excellent and the facilitator's interaction with the students was also excellent.

Self-learning Assessment: Students' answers reflected that majority of the students' understood the session.

OFFICE OF THE PRINCIPAL

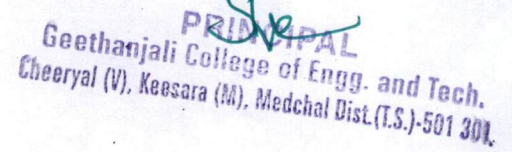

CIRCULAR

Freshman Engineering department and Centre for Soft Skills Development is organizing a Three Day Workshop as per the following details.

- Dates : From February 28th, 2021 to 2nd March, 2021.
(Sunday to Tuesday)
- Time : 9.00am to 5.30 pm
- Target Audience : Selected students from 1st year B.Tech.
- Venue : AECS –ICS Labs (Block-1)
- Topic : **“Design Thinking and Critical Thinking”**
- Resource Person : Dr. Bala Ramadurai- an author, coach, consultant, Adjunct Professor at Symbiosis Institute of Business Management, Professor at National Programme on Technology Enhanced Learning(NPTEL), Visiting Professor, IIT Gandhinagar, IISC Bangalore.
- Convener : Dr. G. Neeraja Rani, Professor and HoD-FE
- Coordinators : Dr. B. Nagamani-Associate Professor of English
Mrs. V. Manjula-Assistant Professor of Physics

Subject: Thank you
To: Bala Ramadurai <bala@balaramadurai.net>

Greetings from Geethanjali College of Engineering and Technology!

On behalf of the Management, Principal, Head of the Department, and on my own behalf, I thank you profoundly for accepting our invitation and providing great learning opportunity for our students.

It's not a surprise that several Thank You messages popped on our What's app group and private messages posted to s.

Sir please find your account details and confirm.

Name of the Account Holder: Balachandar Ramadurai
Bank Name: HDFC Bank
Account Number: 50200008824321
Address of Bank and Branch: HDFC Bank, Ruturang, 49-1 Pune-Satara Road, Aranyeshwar Corner, Sahakar Nagar, Pune.
IFSC: HDFC0000359
PAN: AAKPB4758L

Thank you

Dr.B.Nagamani

Dear Madam,

Thank you so much for your help in arranging the workshop. I am aware that such a workshop of such scale requires many people - Principal Sir, other faculty, staff and of course, our students. I thank each one of them for their support.

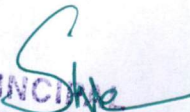

On another note, yes, the account details are correct.

Thanks and have a nice day!

Bala

Geethanjali College of Engineering and Technology
UGC Autonomous
Centre for Soft Skills Development, Department of Freshman Engineering
Report on A Three Day Workshop on Design Thinking and Critical Thinking
28-02-2021 to 2-03-2021

Pre Workshop:

The idea of conducting a workshop to provide hands on experience to the students started on Jan 7th, 2021. The resource person was identified and after seeking the necessary approval from the college authorities, the dates of the workshop were fixed keeping in mind the availability of the resource person and our academic calendar.

Then after a series of discussions with the resource person over phone, we felt that providing self learning material to the students before attending the workshop will be advantageous, as the students can spend more time in working during the three days of workshop.

Later, 100 students were selected based on their enthusiasm to work on projects Principal and HoD, addressed all the selected students on 5th February, 2021 through an online meet from 6.15 p.m to 6.45 p.m.

Multidisciplinary teams consisting of 5 members in a team were formed and they were informed to browse various problem statements available on AICTE, UGC and other MNC websites. In addition, they were also advised to observe meticulously for identifying new problem statements.

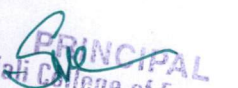

The resource person, Dr.Bala Ramadurai, Professor at NPTEL, SIBM Pune shared 16 Youtube videos and three assignments for the students. To make this happen, the students were asked to join the Google Meet from 16th February to 20th, 2021 from 6.30 p.m to 7.45 p.m.

Students were given a week's time to discuss and identify problem statements. Teams 1 to 10 presented their problem statements on 22nd February, teams 11 to 20 presented their problem statements on 23rd February from 6.00 p.m to 8.30 p.m.

During the workshop:

All the students actively and enthusiastically participated in the workshop. The pre-learning sessions helped them to understand the concepts easily and facilitated more time to work on their problem statements and more time and opportunity to interact with the resource person. On the last day of the workshop many teams have either completed doing a website or half way through an app or made a prototype.

Mr. Santosh of Mechanical Engineering Department who was identified from the department has extended a lot of support and cooperation.

PRINCIPAL
Geethanjali College of Engg. and Tech.
Cheeryal (V), Keesara (28), Medchal Dist.(T.S.)-501 301

Post Workshop:

After the Semester end examinations, students should be motivated to complete the projects they have taken up or select another problem statement. Weekly progress of the work has to be monitored. In case, the students ask for any help in emerging technologies, mentors should be identified to support the students.

Outcomes of the workshop:

Team 18-Techie Tribes Blending gaming and academics. Worked on the app taking Physics concept.

Team 3: Suggested the students to start working on the app (TOME- A very large book)

Team 15: Prototype was made based on their problem statement.

We thank the Management and Principal for granting permission for conducting this workshop. Our thanks are due to the convener of the workshop Dr.G.Neeraja Rani, HoD- Freshman Engineering and Convener of the workshop for being a constant support and for her valuable pieces of advice in planning and executing.

Feedback: On the last day of the workshop an online feedback was taken. Majority of the students gave either 4 or 5 for the resource person's passion and enthusiasm in dealing with the concepts. Almost all the students agreed that real time examples were given. Participants agreed that the resource person delivered the content clearly. **For the question, After attending the workshop, I learnt..... sample responses are given below:**

- A lot and I increased my ability to work with team
- How to work in a team and what design thinking is
- This workshop was very insightful and made absolute sense in terms of the problem statement their s application. I am thankful for having the opportunity to attend.”
- Questions are important than solutions to it
- How to solve problems , time management , working with many people
- How to be a Design Thinker and Work on a Project
- How to solve problems using Triz analysis
- How to interact with new people around me and to work as a team, and to solve some basic problems
- How to innovate ideas.
- Time management, to not over think, team spirit and adjusting in the environment.
- How to think differently

- How to empathize ,analyse,solve and test a problem
- I learnt how to approach a problem and solve it. I also learnt how to work in a team .
- What all steps to be followed before trying to create an app
- How to solve a problem
- Awareness on different problems faced all over.
- I wish to have this kind of workshops more and more

PRINCIPAL
Geethanjali College of Engg. and Tech.
Cheeryal (V), Keesara (M), Medchal Dist.(T.S.)-501 301.

For the last question on any suggestions.....sample responses are given below:

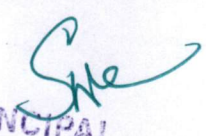

- Nothing...but I was disappointed that we meet sir through virtual meeting...
- If it was a direct meet in the work shop it would be more nice
- No . Everything was good .
- It was an amazing workshop. Only problem : conducted during exam time.
- Improvement of intercom and wifi
- Need as much help as possible from faculty to develop our project
- Session was mind blowing
- Every inch was perfect but, offline would have been more fun.

INSTITUTION PROFILE

Geethanjali College of Engineering and Technology has been structured to take head on the changing trends of technology. The idea of setting up the college emerged when no other college could cater to the needs of a student in his/her endeavor to acquire wholesome education. The very strength of Geethanjali lies in its principles of providing the right learning environment for the student who does not have to compromise throughout the learning process of becoming global citizen.

ABOUT THE DEPARTMENT

The Department of Electrical and Electronics Engineering was established in the year 2005. Currently the department offers an Under Graduate program B.Tech in Electrical and Electronics Engineering with an annual intake of 120 students. The Department is headed by Prof. Dr. Dora Radhika, having 15 years of experience in Teaching and Research. All the faculty members are encouraged to participate in Workshops, Publication of Research Papers and active involvement in R & D activity.

ABOUT THE OPEN HARDWARE

The Open hardware days (OHD) is an organization which is launched to help students take their next big step in their career it might be entrepreneurship or achieve a higher level of their job. We are driven by innovation and research. We are firm believers that innovation is the only way which takes the world to next level. We believe that youth can make difference with their innovative thoughts and innovations. All we wanted is to fuel the burning desire of the students for their innovative thoughts. We innovate, we accelerate student entrepreneurs. Our mission is to setup incubation center and maker clubs in every college to drive innovation.

Report on IOT

Our department has organized IOT for II-II students from 27 to 29 February 2020 titled as Do Your Entity with IoT Technology abbreviated as **DYEIT**, in collaboration with SCHEMA Technologies.

Interne of Things is an emerging paradigm of internet connected things that allows the physical objects or things to connect, interact and communicate with one another similar to the way humans talk through web in today's environment. The applications of IOT are not limited to particular fields, but span a wide range of applications such as energy systems, homes, industries, cities, logistics, health, agriculture and so on. The goal of IOT is not only just connecting things such as machines, devices and appliances, but also allows the things to communicate, exchange control data and other necessary information while executing applications. Forbes published a collection of statistics that make the point crystal clear, including these:

- By 2020, the installed base of the IoT devices is forecast to grow to almost 31 billion worldwide. By 2025 the installed base of IoT devices will be over 75.4 billion devices.
- \$6 trillion will be spent on IoT solutions between 2015 and 2020 according to PricewaterhouseCoopers.
- The global IoT market is projected to grow from \$2.99 trillion in 2014 to \$8.9 trillion in 2020, attaining a 19.92% compound annual growth rate (CAGR).

The IOT workshop was coordinated by A. Raghu Rama Chandra and K. Murali Assistant professor's and there was overwhelming response from the students for this workshop almost 83 students out of 120 has registered and actively participated throughout workshop and in project expo. The students in a group of 3 has come up with different and innovative thoughts and presented their ideas with working models which were exhibited on the last day of the workshop. The projects were evaluated by department head and senior faculty members of the department and best of four projects are selected for free internship at SCHEMA Technologies.

Webinar on Content writing and editing process

By Ms.Sanmita Desai, on 09-Jan-2021

Report

Department of Management Studies organised a webinar titled "Content writing and editing process" on 9th January 2021 for department faculty and students. Resource person for the webinar was Ms.Sanmita Desai, Senior Specialist Technical Writer, Nice Systems, Pune.

Webinar started at 11 am as per the schedule on google meet platform. Program coordinator Mr.Sai Kishore V., welcomed the guest, faculty members and students and requested the moderator Dr.A.Sita Madhavi to brief about the importance of the topic for the webinar. Mrs.Vardhini had introduced the speaker to the audience.

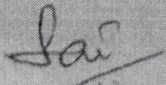

Ms.Sanmita Desai, the resource person for the webinar started her presentation with the introduction to content writing and its scope. She further elaborated on different tools that can be used to make the content better. She demonstrated the usage of some of the available platforms to write the blogs.

Students and faculty members actively participated in the webinar with their queries. The resource person Ms.Sanmita Desai had clarified the queries with appropriate illustrations.

A total of 64 members participated in the webinar, including faculty members and the students.

Webinar ended with a summary by Mrs.Shainaz Begum followed by vote of thanks by Dr.J.Pardha Saradhi, Head of the Department,

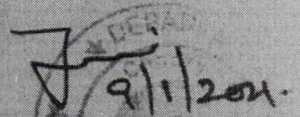

Prepared by

Mr.Sai Kishore V.

Program Coordinator.

Head of the Department

(Dr.J. Pardha Saradhi)

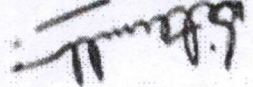

**GETHANJALI COLLEGE OF ENGINEERING AND TECHNOLOGY (Autonomous)
DEPARTMENT OF MANAGEMENT STUDIES**

Need Analysis on the Webinar for Content writing and editing process

The proposed program would help our faculty members and students in several ways. As we are aware, good writing skill is an essential component of any content, that we intend to publish, which may include writing blogs, posts, video blogs, articles, scripts for videos, key note speeches, social media posts, Youtube video descriptions and podcasts. Lockdown due to Covid-19 has increased the creative horizons and most academicians have taken to penning down their opinions. In the current scenario, developing content writing skill is an art that we cannot refrain from.

Dear Ms Sanmita,

Greetings.

Referring to the email below and our telephonic conversation, we, the Department of Management Studies, Geethanjali College Of Engineering and Technology, Hyderabad are pleased to invite to conduct an FDP/SDP (title: Content Writing and editing process) for our departmental faculty members and students of MBA.

As you have given the consent, we have planned to organise the session on 9th January 2021, Saturday, between 11.00 am to 12.30 pm. We shall share the "google meet" link with you on that day for your presentation.

Kindly acknowledge the same.

Looking forward to see you in the program.

Regards

SaiKishore V.

The Principal
(through The Head of the Department)
Department of Management Studies
GCET, Hyderabad.

Respected Sir,

Sub: Proposal to conduct an online FDP/SDP on Content Writing tools and techniques – Req.

With reference to our discussions recently, we propose to organise an online FDP/SDP for our department faculty members and students on Content Writing tools and techniques. Resource person for the proposed program will be Ms.Sanmita Desai, presently working as Senior Technical Writer, Nice Systems, Pune, who had been working in this area for about 15 years. She had earlier worked for Finserv Pune.

We submit that, the proposed program would help our faculty members and students in several ways. As we are aware, good writing skill is an essential component of any content, that we intend to publish, which may include writing blogs, posts, video blogs, articles, scripts for videos, key note speeches, social media posts, Youtube video descriptions and podcasts.

Lockdown due to Covid-19 has increased the creative horizons and most academicians have taken to penning down their opinions. In the current scenario, developing content writing skill is an art that we cannot refrain from.

Hence, we request you to consider the proposal by sanctioning an honorarium of Rs.2,000/- for the resource person. Upon the approval, we shall confirm the final date of FDP in consultation with the resource person and the availability of our faculty members and students.

Total number of participants for the program will be 12 faculty members and 53 students (MBA II-I), and the duration would be 90 minutes.

Please do the needful.

Yours sincerely,

Sai

Webinar on "Significance of Human Excellence and Values"

Dt.23-May-2021

Speaker: Shri Dhananjay Deshpande, Senior faculty, Vivekananda Institute of Human Excellence, Ramakrishna Math, Hyderabad

EVENT REPORT

Department of Management Studies in association with IQAC organized a webinar on "Significance of Human Excellence and Values", on May 23, 2021, delivered by the speaker Shri Dhananjay Deshpande, Senior faculty, Vivekananda Institute of Human Excellence, Ramakrishna Math, Hyderabad.

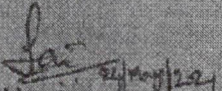

Mr. Saikishore, IQAC member-Dept. of Management studies, welcomed the guests and requested Mrs.Naga Suhasini, Assistant Professor- Dept. of Management Studies, to introduce the guest.

Shri Dhananjay Deshpande, started his presentation by highlighting the importance of maintaining human values in day to day life. He further enlightened the staff and students by elaborating on how to maintain peace at mind and how to control the emotions in right proportions.

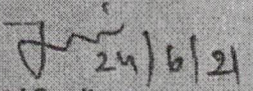

Towards the end of the webinar, he highlighted the role of individuals both at home and at work place in maintaining peaceful and amicable environment.

As it was an interactive session, both staff and students have participated enthusiastically throughout the presentation which helped for their overall enrichment. As many as 165 participants attended the webinar which includes faculty members and students.

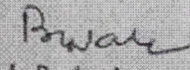

Dr.Aruna Bharathi, Associate Professor, EEE department, briefed the session with concluding remarks. Dr.B.L. Prakash, IQAC coordinator and Dr.J.Pardha Saradhi, HoD-MBA, thanked the speaker for his valuable inputs on maintaining human excellence and values. They also thanked college management, Principal, Deans, HoDs, faculty members, IQAC members and Server room in charge for extending their support in organising the webinar.
