The Principal

## GEETHANJALI COLLEGE OF ENGINEERING AND TECHNOLOGY

Thank you for your interest in our foundation. We are glad to know that your organization is interested in collaborating with us. We, as a foundation hope to carry out all sincere efforts possible to help you organize the camp. It's a very honorable event that you have accepted to organize in your premises. On our behalf, we promise to maintain utmost hygienic and safe conditions in the donation process.

Blood is the best gift that one can gift anyone else and we are thankful that your organization is volunteering and encouraging your students to come forward and donate with us. Our foundation is grateful to all our donors and gives them a lifetime promise to stand by them in their time of need. Whenever they require blood or its components for their near and dear, they would just have to give us a call on our number and we will put in all efforts to source it and bring it to them.

As part of the camp we request you to encourage all the students to come forward and register as Regular Donors. We can share our brochure which informs about the safe process and the need of increase in blood donation in the country. Please let us know if any other assistance is required and we are glad to help. The blood donation camp timing will be from 8:30pm to 3:30pm. Please circulate among your all student branches and see that every branch comes in a particular time. Please send us a request mail for blood donation camp as part of Standard Operating Procedures and Guidelines of Drugs Control Authority.

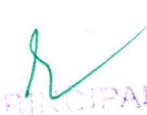

Thanking ..You

Sincerely,

Girimohan
