PRINCIPAL
 Geethanjali College of Engg. and Tech.
 Cheeryal (V), Keesara (M), Medchal Dist.(T.S.)-501 301

Letter of Appreciation

Date: 12-01-2021

A team of five B.Tech students of Geethanjali College of Engineering and Technology (GCET) have come to our village to check the potability of our drinking water. They collected the drinking water to analyze it in their Chemistry laboratory. They have given us the report which reflects that our water is reasonably safe to drink. We would like to profusely thank them for their initiative and hard work. Kudos to the students and their mentors for this simple yet noble assignment. We further request them to periodically come to our village and carry out the test for potability, and help in maintenance of good health of our villages with respect to drinking water.

NSS unit of Geethanjali College of Engineering and Technology (GCET) visited **Kareemguda village** to provide the training for the people of the village on the process of measuring the land using tape. They were demonstrated about the calculation of the area of the land under consideration whose dimensions are given in various units such as feet, inches, meters and centimeters. The participants were guided in making the measurements. The participants of the event expressed their satisfaction and confidence about their ability to measure the land during their future tasks involved with land surveying. We are very much thankful to the Management and Principal of Geethanjali College of Engineering and Technology to train us by sharing the knowledge which as very much useful for land survey using the tape.
