Dear Saiteja goud,

We are so excited that you have decided to confirm your offer to join the 2021 Fellowship Program at Teach For India! Your passion, enthusiasm and excellence have succeeded in making you one of the few accepts for the Fellowship. I hope you take a few moments to enjoy this moment- **you are now part of a movement!**

I personally want to take this opportunity to tell you that this is the beginning of a very important phase of your life. I have been a special educator for more than a decade and, on this journey, I have grown more than my students. Through my days of teaching students, who have lived under clouds of failure all their lives, I have learned that: innovation comes from constraints, depth comes from proximity and leadership in its purest form is when you combine those two and bring cascades of change.

While on the surface, it looks like you will be teaching a class of underprivileged students, the depth of the experience at Teach For India is extremely multi-faceted, where at every step you will learn more than the students themselves. This journey will empower you. It will make you believe that change lies in your hands and when those hands are used well, the change can have a ripple effect. You will not stop at goals, you will be chasing visions and creating them in your own eyes every day. The subtle, everyday experiences will be gently shaping you into the leader you can be and will be!

What's next?

We at Teach For India, are so excited for you to be a part of our movement and in order to ensure your success, we will be sending you a menu of carefully curated learning opportunities and events until you are officially a part of the Fellowship. Please commit to as much and as many as you can, as those will surely set you up to become the best Fellow you can be! While the Pre-Institute assignments and Onboarding forms are mandatory to complete, we highly recommend that you participate actively in the learning opportunities like virtual and in-person classroom visits, community immersions, placement city webinars, city events and informal circles.
