CIRCULAR

Freshman Engineering department and Centre for Soft Skills Development is organizing a Three Day Workshop as per the following details.

- Dates : From February 28th, 2021 to 2nd March, 2021.
(Sunday to Tuesday)
- Time : 9.00am to 5.30 pm
- Target Audience : Selected students from 1st year B.Tech.
- Venue : AECS –ICS Labs (Block-1)
- Topic : **“Design Thinking and Critical Thinking”**
- Resource Person : Dr. Bala Ramadurai- an author, coach, consultant, Adjunct Professor at Symbiosis Institute of Business Management, Professor at National Programme on Technology Enhanced Learning(NPTEL), Visiting Professor, IIT Gandhinagar, IISC Bangalore.
- Convener : Dr. G. Neeraja Rani, Professor and HoD-FE
- Coordinators : Dr. B. Nagamani-Associate Professor of English
Mrs. V. Manjula-Assistant Professor of Physics

Guest Lecture on Internet of Things: Mathematical Relevance

Date: 01-02-2021

Mathematics Club in collaboration with Freshman Engineering Department is organizing a guest lecture on “**Internet of Things: Mathematical Relevance**” for first year students through virtual mode.

Date: 02-02-2021

Time: 1.30 pm to 3.30 pm for B. Tech I year students

Platform: Google Meet

Target Audience: B.Tech I year students

Resource Person: **Dr. Peddoju Sateesh Kumar, Associate Professor, Department of Computer Science and Engineering, IIT Roorkee.**

Programme Coordinators: Dr. V.S. Triveni, Professor, FE Department
Dr. N. Subhadra, Assoc. Professor, FE Department
Dr. K. Venkateswarlu, Assoc. Professor, FE Department

COLLAGE COMPETITION

29.04.2021

The Fine Arts and Cultural Club announces online Collage Competition in the wake of the deadly Covid 19, as per following details:

I. Themes:

1. A big Salute to the Frontline Workers
2. Covid 19- We will overcome
3. A Tiny Virus vs The Giant Human

II. Number of entries: No limit

III. Mode of submission: Online (Submit image of your collage with Name, R. No, Branch, Year and Section written on it.)

IV. Options:

- i) Online Collage using Collage Maker or any other tool.
- ii) Paper Collage using newspaper cuttings, photographs, magazine clippings, etc

IV Participants: B. Tech I- IV years, M. Tech and MBA students

Send entries to fineartsgcet007@gmail.com by 15.05.2021. Mention Name, R. No, Branch, Year and Section in the mail also. Contact Ms P. Mercy Kavitha, Associate Professor- FE Department for queries.

Science Club Summery report for AY 2020-21

Science Club of Freshman Engineering Department had conducted two guest lectures by eminent faculty from IITs for the benefit of I Year B.Tech.students. One guest lecture was conducted in odd semester and another in even semester.

A Three round Science quiz was conducted to assess the students' knowledge in basic science concepts as well as applications of science in various fields.

To motivate the students to learn concepts by doing the small projects such as working or demo models and to improve the communication skills Poster presentation competitions were held under the title Vaisheshika-2k21.

The exact details were summarized in the two tables given below

S.NO	Name of the Event conducted	Guest or Speaker Details	Date(s)	No. of Participants/Attendees
1	Science Quiz-round 1	-	22/12/20	466
2	Science Quiz-round 2	-	29/12/20	424
3	Science Quiz Final round	--	5/1/2021	374
4	Guest Lecture "Interaction of Electromagnetic radiation with Matter"	Dr.R.Sai Santhosh Kumar Associate Professor IIT Hyderabad	18/2/2021	150
4	Vaisheshika-2021 Working/Demo Model exhibition+ Poster Presentations)	Judges for the workin models 1.Dr.Pooja Prasad 2.Dr.R.Srivastava	2-6-2021	200
5	Guest Lecture "Semiconductor Devices and their various application"	Dr.T.Subhash, Professor of Physics IIT Guwahati,	12-7-21	110

Meet - GL on "Semiconductor Devices and their various..."

Subhash Thota is presenting

Stern-Gerlach experiment

beam of Ca atoms
oven
collimators
magnet → non-uniform magnetic field
screen/detector

spin
charge
Angular momentum

15:58 | GL on "Semiconductor Devices and their various..."

Meet - GL on "Semiconductor Devices and their various..."

Subhash Thota is presenting

Quantum confinement

- $1D$ - a few nm
- **1D confinement:** Quantum wells, structures consisting of a thin well materials sandwiched between two layers of a barrier materials
- **2D confinement:** Quantum wires, structures consisting of a thin and narrow well materials surrounded by barrier materials
- **3D confinement:** Quantum dots, nano-size particles in a barrier materials.

The quantum confinement → allowed electron and hole states are quantized in the well region → energy required to generate $e-h$ pair or radiation emitted from the process of $e-h$ pair recombination is modified.

→ wave length tuning of the radiation (used in LED or laser applications)

16:18 | GL on "Semiconductor Devices and their various..."

Meet - GL on "Semiconductor Devices and their various..."

Subhash Thota is presenting

High-frequency heterojunction transistor (HEMT)

also known as heterostructure FET (HFET) or modulation-doped FET (MODFET), is a high-speed transistor employing a junction between two semiconductors with different band gaps or the exposed structure is a channel region (or is generally the name for MODFET). Commonly used material combinations is GaAs/AlGaAs, although there is wide variation depending on the application of the device.

The invention of the HEMT is usually attributed to Takashi Mimura, Tetsuo Iwama, and Hiroshi Hasegawa, who worked for Hitachi Ltd. Subsequently, it also played an important role in the invention of the HEMT.

Applications:
Cell phones, satellite telecommunication receivers, voltage-controlled oscillators and mixers, millimeter wave communication, microwave radar, and radar astronomy → any application where high gain and low noise at high frequencies are required.

Electron mobility is the primary factor for the device performance.

16:28 | GL on "Semiconductor Devices and their various..."

Lecture Summary:

A guest lecture was organized on "Circuit Theory and its Applications in Electronics and Communication Engineering" for the benefit of II year B.Tech (ECE) students on 22nd December 2020. The primary objective of the lecture was to make students understand the applications of linear circuit theory concepts in the more practical subjects such as electronic circuit analysis, pulse and digital circuits, filter analysis and design, feedback networks in oscillators, tuned circuits in amplifiers and so on.

Dr.V.Kumara Swamy ,Associate professor,sreenidhi Institute of Science and Technology has delivered an interesting talk covering both fundamental concepts as well as a large number of applications of circuit theory in electron circuits and communication engineering. The overall response of students was very encouraging.

The vote of thanks was given by Prof. S.Bujanga Rao. and Mrs. M. Sowjanya Associate Professor, ECE Department .

DEALS & AGREEMENTS

ROUND I: Zone Of Potential Agreement

ROUND II: Best Alternative for a Negotiable Agreement

COMPETITION BETWEEN BUYER & SELLER!

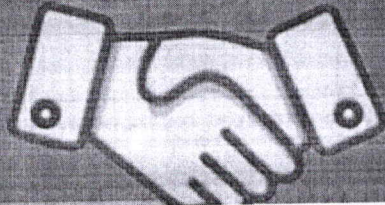

CAN YOU DEAL THROUGH?

LET'S FIND OUT

on

19/06/2021

5:00PM TO 7:00PM

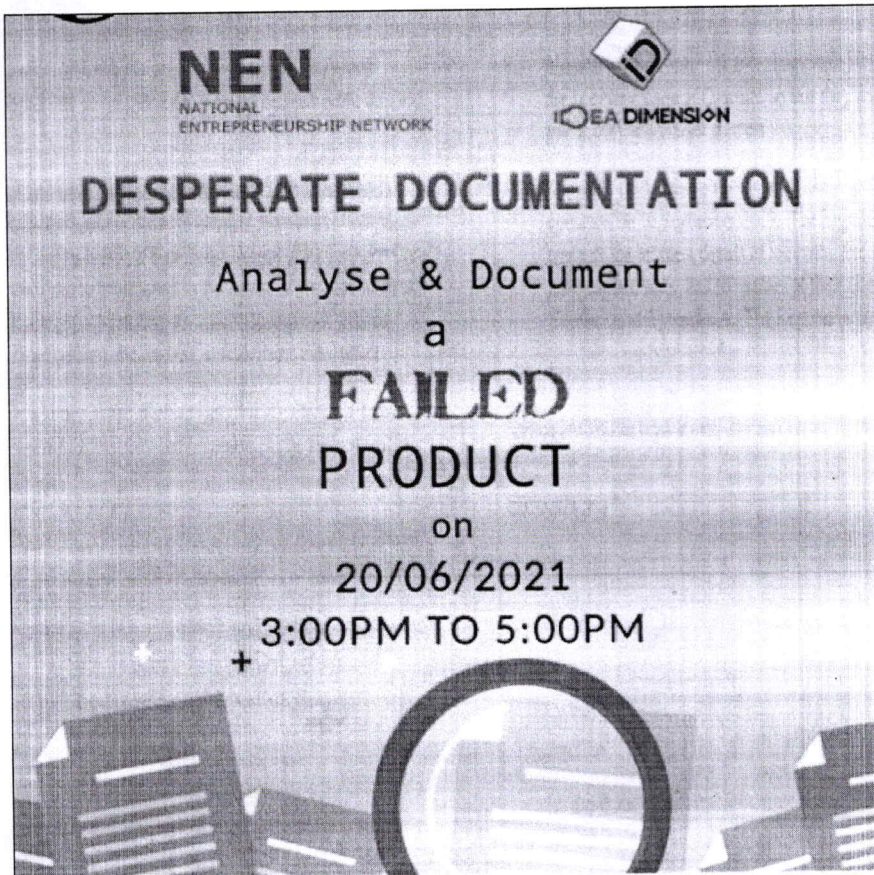

Round 1:- ZOPA HARSHA AND SAI PRAKASH -dining table-deal price 52k(Harsha won) CHARITH AND ROSHAN -flat-deal price 41k(Roshan Won) UTTEJ AND SRIKANTH land-deal price 1.45cr(Uttej won) RAHMAN AND KALYAN(Rahman Won) second hand bmw car-deal price 18L PRERANA AND KEERTHANA(independent villa-deal price 1.52cr(Prerana Won) JUNAID AND APOORVA second hand refrigerator-deal price 21k(Apoorva won) Round 2:- BATNA Team 1:- Prerana,Apoorva, Keerthana,Kalyan Team 2:- Roshan,Rahman Team 3:-Charith,Harsha,Junaid,Srikanth WINNERS Team 2:- ROSHAN & RAHMAN Roshan and Rahman have already won the first round individually.

In the second of agreements and negotiations they showcased immense thoughtfulness towards what actually the opposite company is in need of and have shown how well they can profit themselves along with our company. Instead of buying out the whole company they are trying to help us and are taking a minimal amount of our company which allows them to sit on the board members list. This helps our company and their company as well because they are technically collaborating with their competition.

Report of

A webinar on “Innovations & Entrepreneurship among students community”

1. Need Analysis

Currently, higher education plays an important role in developing *Innovations & entrepreneurship* among students. As this is an additional requirement of 21st century students, academicians must understand its importance to guide them in that direction. Considering this as a part of curriculum teachers must involve and lead the students to develop their skills towards innovation and entrepreneurship. Based on the above, there is a need to understand the importance of Innovations & Entrepreneurship among students community. Hence, a webinar session is planned by Institute’s Innovation Council of Geethanjali College of Engineering and Technology in the month of March 2021.

2. Details of the webinar:

Title: *How to Manifest Innovation & Entrepreneurship Ecosystem in the Student Community and Protection of IP for Innovations*

Date: 26-03-2021 (Friday)

Time: 2:00 PM to 3:30 PM

Google Meet link: <https://meet.google.com/ava-yjsz-trf>

Resource Person: Dr. M. K. Kaushik, CEO-VIBA (Vaagdevi Incubation and Business Accelerator)

No. of Participants: 103

Target Audience: Participants from different departments joined the webinar session

The speaker focused on the following topics:

- Discussed about the innovations in India and the position of India in global ranking w.r.t. innovations and start-ups
- Discussed about aspiration of Indian innovations by 2024

Subject: - Requesting Permission for conducting coding challenge-Reg.

Respected Sir,

We are happy to inform you that, the GCET Coding club is organizing "GCET Coding Challenge April 2021" on 14/04/2021 to create awareness on online coding platforms. The event will start from 6.00 AM and ends at 6.00 PM. In order to encourage and motivate the students we would like to give the prize money for the first three winners as follows:

- I Prize Rs. 2000/-
- II Prize Rs. 1500/-
- III Prize Rs. 1000/-

In this regard, we request you to permit us organizing the event and grant above said prize money for conducting the coding challenge.

Thanking you sir,

Yours faithfully

Dr. L Venkateswarlu
(Coding club in-charge)

About the College

Geethanjali College of Engineering and Technology (GCET) was established in the year 2005 under the aegis of Teja Educational Society with a sole objective of providing quality technical education accessible and affordable to youth of our nation. The college has excellent infrastructural facilities and modern laboratories. It also has highly competent and dedicated faculty. College has been recognized as an R&D centre by Scientific and Industrial Research Organization (SIRO). The college offers Undergraduate programs in engineering branches, namely, CSE, IT, ECE, EEE, ME and CE with a total intake of 900 students. AICTE recently has sanctioned four new programs in B.Tech (CSE) with specialization in Artificial Intelligence and Machine Learning, Data Science, IoT and Cyber Security. Four of its undergraduate programs, namely, CSE, ECE, EEE and ME have been accredited by NBA. The college is accredited by NAAC with a score of 3.36 in June 2017, which is the highest by any institution that has gone for accreditation for the first time in both states of TS and AP. The college was conferred "Autonomous" status by UGC with effect from AY 2016-17. It has got ISO 9001:2008 certification. The college also offers postgraduate program in MBA with an intake of 60 students and M.Tech program with Computer Science specialization in department of CSE. It has been sanctioned sponsored research projects from UGC, DST, DRDO and JNTUH-TEQIP. The college has also been granted EDC, FDP and MODROBS by AICTE. More than 80% of eligible students are placed in several MNCs. College has entered into MoUs with several reputed organizations for mutual benefits such as students projects, expert lectures, industrial visits etc.

Profile of ECE Department

The Department of Electronics and Communication Engineering (ECE) was started in the year 2005 with an initial intake of 60 students. Right from its inception it is

continuously striving to impart quality education and promoting competitive spirit among students for academic excellence. The intake was enhanced to 240 w.e.f 2013-14 academic year. The department has well equipped laboratories, good infrastructure, highly qualified and experienced faculty. A good number of technical papers are published by the faculty in National/International conference proceedings/Journals. The department has signed MOUs with various organizations to provide real time training to the students. The Department has two centers of excellence in VLSI and IoT Embedded Systems. The department has successfully completed two DST sponsored research projects. The department also has two ongoing research projects sponsored by DRDO. The department was sanctioned MODROBS by AICTE and is under execution. The department has received patents in the field of image processing and microwave engineering. The department is extending research consultancy services to M/S VEM Technologies Pvt.Ltd in the field of microwave engineering.

Aim of the programme

VLSI Methodology:

VLSI design, the methodology makes extensive use of CAD techniques, including multilevel simulation for all tasks associated with design simulation and layout. The methodology is intended to totally verify the system during the design phase, prior to the release of VLSI components for fabrication. Today many companies like Texas Instruments, Infineon, Alliance Semiconductors, Cadence, Synopsys, Celox Networks, Cisco, Micron Tech, National Semi-conductors, ST Microelectronics, Qualcomm, Lucent, Mentor Graphics, Analog Devices, Intel, Philips, Motorola and many other firms have been established and are dedicated to the various fields in "VLSI" like Programmable Logic Devices, Hardware Descriptive Languages, Design tools, Embedded Systems etc.

Workshop Objectives:

The aim of this workshop is to provide hands-on experience on the state-of-the-art Cadence EDA tools for VLSI Design. The participants will have an exposure to the Circuit Design & Simulation, Layout, Physical Verification (DRC, LVS), and Extraction. The workshop includes practice sessions on the Cadence design and simulation tools (Encounter, RTL Compiler, Virtuoso, Spectre, Assura and Incisive).

Workshop Topics

- ❖ Introduction to Cadence and its various tools.
- ❖ Basics of Analog design using Cadence Virtuoso.
- ❖ Introduction to Physical Verification, DRC/LVS by Assura.
- ❖ Extraction of RC Components and Generation of GDSII file.
- ❖ Implementation of NC Launch and RTL Compiler for Digital Circuit using Verilog.
- ❖ Synthesis and Physical Design by Encounter i.e., Digital implementation.

Resource Persons:

In-house Faculty with expertise in related fields of VLSI Design from ECE Department.

Targeted Audience:

Students with commitment and passion to have a lucrative career in VLSI Design

Registration:

Participants are requested to register by filling in the registration form and sending the same to the Coordinator. Registrations can be done on the day workshop also. Max. No. of participants: 40 (First come first served basis)

Registration Fee:

Rs.1000/- per student.

Important Dates:

Last date for receipt of application: 21/03/2021

Creative Intelligence for Innovation and Entrepreneurship

Report

A two day workshop on Creative Intelligence for Innovation and Entrepreneurship was conducted by Dr. A. Sita Madhavi on 15th and 16th Feb 2021. All the first year MBA students participated in the event. It was an interactive, action oriented session, where the students were evaluated in teams as well as individually. It was a session which trained the students on thinking creatively. Being sensitive to the environment around and quickly identifying opportunity and converting it to revenue.

The outcome of this workshop is recorded in the form of report in BDA Lab record and is published in social media in the form of blogs or is published in online journals or college magazine.

A Report on Event: Marketing club

Topic :- : DUMB CHARADES

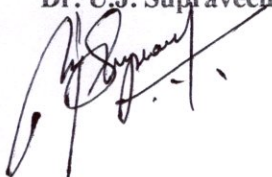

Date:- : 29/10/2021

Event Details:- : Dumb charades is not just about acting and guessing, it is a whole process of team building and making bonds stronger. It is not an individual game but rather reflects team participation. There are many foes that turns to friends through game. It can also act as a great tool to cheer up lethargic students to involve. It can also be helpful in developing a sense of unity and team spirit among students.

Feedback on Wiser Story Teller 17 Jan 2021

Sita Madhavi G <gsitamadhavi@gmail.com>

Sun, Jan 17, 2021 at 2:15 PM

To: mba dept <mbadept5@gmail.com>, mba hod <mbahod71@gmail.com>

Wiser Story Teller

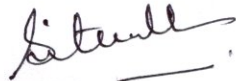

Report

Wiser Story Teller, was an online open event conducted on 17 Jan 2021, Sunday from 9:30am to 10:30am. There were 44 participants, including academicians, students, industry representatives and community representatives. Participants joined from USA, Mumbai, Pune, Chatisghar apart from Hyderabad.

Dr. A. Sita Madhavi, introduced the participants to each other. She gave a brief on what exactly was community building and how it could make a difference to the society. The program inspired participants to share their views on community building activities and what difference such activities could make to the society. They were asked to talk about "the one thing, they always wanted to communicate to someone in this society".

Dinesh Israni, said that, in his opinion, "it would be worth to bear a loss than to give up". (Dr) P. Rekha emphasized on the importance of being creative. Ms. Mrudula Josyula emphasized on the importance of reaching out to people through "volunteering" and mental health . Mrs. Neha Singh spoke about the importance of "communication". Dr. Nitu Saxena talked about the importance of "internal communication or self-talk.

Towards the end, feedback was collected.

Department of Electronics and Communication Engineering

Date: 30.8.2021

To,
 Prof.K.Somasekhara Rao,
 Dean SA,
 Geethanjali College of Engineering and Technology,
 Cheeryal(V),
 Hyderabad.

Sub: Request to provide cash prize of Rs 1000/- for Winner of LOGO competition conducted under Srujanstra Club.

2. OSSC & Physically Handicapped Candidates are awarded Grades in their own group.

Respected Sir, A is average of subject wise Grade Point.

On behalf of Srujanstra Club, the department of ECE has conducted a LOGO competition for 2nd year students on 19th and 20th March 2021. to bring out the designing skills in students and to get a new representation id for the students club. A total of 75 registrations were received and 47 students took part in the competition. Winner was declared by the panel of all Professors of ECE Dept. on 31st March 2021. In this regard I request you to provide a cash prize of Rs 1,000/- for the winner M. V.Sree Harsha from ECE-2E section

I request your kind approval for the same.

Laxmi
 M Laxmi, Associate Professor
 Coordinator for the Srujanstra club

To Principal.

Sir
 we agreed to pay cash prize while conducting this event. I request your kind approval for this payment.

Please go ahead.

TO A/c

SHE

Respected Sir,

Sub: Request for permission to conduct a Guest Lecture on 23.01.2021-regd.

I would like to request you to grant permission to conduct a Guest lecture on 23.01.2021. The speaker is Dr.Satish Kumar Nainala (Assistant Professor) from Geetham University, Hyderabad. It is planned for BTech I year students of IoT, CSE-A & B, AIML through virtual mode on the topic "Introduction to Academic Writing."

Please consider this request and grant permission to conduct the lecture as scheduled.

Thanking you,

Yours faithfully,

Dr M Upender

23-04-21 English Language Day and World Book Day- Book Review Writing Competition

On the eve of English Language Day and World Book Day i.e. Dt-23-04-21, the Literary Club organised a Book Review Writing Competition for B.Tech students where the students reviewed books like Alchemist and some autobiographic books. Total 5 students participated in this competition. The students focused how reading builds a culture of peace in the society. Moreover, given the fact that the technology is evolving and the youth being more dependent on audiobooks, this event helped in preserving the traditional ways of reading. Books promote education, science, culture, and information worldwide.

23-04-21 English Language Day and World Book Day- Book Review Writing Competition

BOOK REVIEW

"Remember, when you want something, all the universe conspires in helping you to achieve it", said the old man to the boy.

BOOK : THE ALCHEMIST
NOVELIST : PAULO COELHO
YEAR : 1988
GENRE : ADVENTURE, FANTASY FICTION

ABOUT THE WORDSMITH:

"Books are uniquely portable magic, and authors are the magicians." Paulo Coelho, born in Brazil, is one of the most celebrated authors. He is widely known for THE ALCHEMIST and ELEVEN MINUTES. Paulo struggled to become a writer, he was sent to mental asylum at 20 years old by his parents. While trying to overcome his procrastination about launching his writing career, Coelho decided, if I have a white feather then that is a sign that god is giving me this I have to write a new book. Paulo came in the window of a shop, he began writing the book named THE ALCHEMIST. More than 65 millions copies sold, made him become international best seller.

WHAT IS THE ALCHEMIST ALL ABOUT?

The hero of the play, Santiago is a young shepherd boy whose only purpose in life was to herd his sheep to nourishment. His parents wanted him to become a priest and made him learn how to read. But Santiago thought the only way to live out his dream was by becoming a shepherd. He left his home and started travelling with his sheep, so when his life became very difficult, someone surprised him. He had a dream every night, he dreamt that when he was in a field with his sheep, a child came near him and said, "If you come to Egyptian pyramids, you will find the treasure." He decided to try. He had visited a gypsy who can interpret the dream. The gypsy interpreted and told the boy to go to pyramids in Egypt where he can find treasure that will make him a rich man and she asked him to give one tenth of his treasure. He didn't believe in her words and started travelling to the pyramids. When the boy stopped at one place, he interpreted meets an old man, who introduced himself as the King of Salem. Then the old man surprised the boy by saying "We are not far from off your dream and I will tell you how to find the treasure." The old man said, the soul of the world is nourished by people's happiness and by unhappiness. To realize one's destiny is a person's only real obligation. All things are one and when you want something, all the universe conspires in helping you to achieve it. The shepherd understood the sole reason of meeting the old man. He had to choose between something he had become accustomed to and something he

wanted to have. Then he accepted the condition of the old man of giving his sheep. Then the old man gave two stones named Uggul (black) and Thumim (white) which will help to read the omens (An omen is phenomenon that is believed to forecast the future). Then he started travelling to the desert. While on his journey, he met a friend. The boy never took his eyes off the new friend. He accepted and very generous on the road to success. His new friend has obtained on him taking all his money. The boy was so satisfied that he wanted to cry but he could not cry. "I'm an adventurer, looking for treasure". To earn money, he starts working in a crystal shop and that night on the way. The boy finds a lot of treasure on the way and goes off the road. On the desert, he also meets a girl who becomes his love of life. Then the story tells how the young boy struggled to reach gemstones and clears our doubts whether he really found the treasure.

CHARACTERISATION:

Though there are very few characters, each character has its own value. Paulo Coelho, the way he describes and writes for his dream makes us feel motivated. This character teaches our mind and message can relate to this character. Gypsy woman: Though this character has very short role but the impact is that she is the one who interpreted the boy's dream. Speaking of the king who comes as an old man because the boy's beginning's luck and told the boy how to find the treasure. The alchemist: He is a man who tried to find the treasure by interpreting the soul of the world with his bird heart. The love of his life, the beautiful girl whom he met at the desert had a very precious heart and supported and encouraged him to reach his goal.

PRaise AND CRITIQUE:

There is no lesson on this earth which doesn't have a dream to become something. But often one dies which happens you to achieve your dream. It is a very good job which the author explained all the words in such a way that makes a reader to read the world sitting at a place. He described each and every character very clearly which makes the reader to visualize the character through the book. Paulo Coelho described all the passages which all through the book more through a few simple words and helped us to understand the world. The author tried his best to make every scene every face to the reader's life. Though the story is very simple, it appears as a soul. The reading will leave one wishing there was more. But, the book has some beautiful things like some which are not related to the present world. Although he started writing that book by interpreting the dream of white feather, he was unable to relate it to the present world.

WHY SHOULD EVERYONE READ THIS BOOK?

In today's world where empty, fear, mental stress, feeling of not becoming successful become the sole priority of one's life, this book will be the best medicine which can cure you without actually using a pill or medicine. This book is for everyone who wants to become successful. The way to live out the dream which is the only way to live out the dream is to follow the path of the alchemist. All the things which are in the world are made of energy. It is the energy of the universe. Except for a moment, every day, every life is made of energy. This is the kind of a book which makes you feel around the world just by sitting at home. In this way it helps to overcome the obstacles at home. Truly, this book will be the unorthodox medicine of the modern world.

RATING: 4/5

Report on Guest lecture

Topic: Importance of Probability and Statistics in Engineering

Speaker: Dr. Satya Prakash Singh,
Assistant Professor, IIT- Hyderabad

A guest lecture titled “**Importance of Probability and Statistics in Engineering**” was organized on 12th June, 2021 by Mathematics club of FE department. Eminent speaker **Dr. Satya Prakash Singh, Assistant Professor Department of Mathematics, IIT- Hyderabad,** delivered the guest lecture.

He started the session with the Basic examples of the topic Probability and posed certain logical questions to the students. he explained real life examples with the concept like Binomial Distribution, Normal Distribution, Hyper Distribution, and Poisson Distribution. Explain this distribution with the examples like evaluation of fishes in a pound, tigers in forest and so on. Explain as statistics is prerequisite for Machine Learning, Data Science and Artificial Intelligence. It plays a vital role in Big Data and Data Analysis with examples.

224 students from CSE, CSE-AIML, CSE-DS, CSE-IOT, CSE-CS and IT branches attended the session from 1.00 pm to 02.30 pm.

The feedback forms were also collected from the students who attended the guest lecture.

Report on Guest lecture

A guest lecture titled “**Internet of Things: Mathematical Relevance**” was organized on 02nd February, 2021 by Mathematics club of FE department. Eminent speaker Dr. Peddoju Sateesh Kumar, Associate Professor, Department of Computer Science and Engineering, IIT Roorkee, delivered the guest lecture.

After the speaker's formal introduction, the session began; students grasped the importance of what IOT is. Detailed rundown of future smart phone and intelligent gadgets. Components, IOT negatives, and IOT work have also been clarified. Finally, the emphasis was on the IOT's mathematical significance.

210 students from CSE (all sections), CSE-CS, CSE-DS, CSE-AIML, CSE-IOT branches attended the session from 1.30 pm to 3.30 pm.

The feedback forms were also collected from the students who attended the guest lecture.

Report

On the occasion of “**National Mathematics Day**”, Mathematics Club of Freshman Engineering Department organized a guest lecture on “**Mathematics behind Machine Learning**” by **Dr. C.S. Sastry, Professor, Department of Mathematics, IIT, Hyderabad** on **22-12-2020** from 1:30 pm to 3:00 pm for I year B.Tech students through Google meet.

Dr. C.S. Sastry gave ideas about Machine Learning and explained about AI and ML. Artificial Intelligence is the broad science of mimicking human beings and machine learning is a subset of Artificial Intelligence that trains a machine how to learn. In this way the guest speaker explained real life applications which made the students understand the topics easily.

Sir has explained various optimization techniques and applications of vectors and matrices and also classification of clustering of data and some tricks based on kernel trick. The session was interactive and application oriented to the students. 223 students attended the session. The feedback forms were collected from the students.

Report on Sudoku Puzzles

Mathematics Club has organized Online SUDOKU Competition for all B.Tech students. Registration link was shared in the circular through Whatsapp group. 445 students registered for the competition. 108 students submitted the solutions for Sudoku Round-I which was conducted on 22-5-2021 and 26 out of 108 were selected for Round-II which was conducted on 29-5-2021. After Round-II three winners were finalized and the list is

S. No.	Roll No.	Name of the student	Branch	Prize
1	20R11A6729	M. Chaithanya Lahari	CSE(DS)	I
2	20R11A05K9	Hari Sarada	CSE-D	II
3	20R11A1254	Shivani Gitti	IT-A	III

Round-II participants will get participation certificates and winners will get merit certificates. Students participated enthusiastically and all the faculty members cooperated for the smooth run of the competition.

Circular

All B. Tech. I year Students' are hereby informed that science club of GCET is organizing online "VAISHESHIKA – 2021" on 2nd June 2021. Students are informed to enroll their names with Physics/Chemistry faculty on or before 25th May 2021. The students can participate in the following categories:

S.No	Name of the Event	No. of students
1	Working models	04
2	Demo models	02
3	Poster presentation	02

Note: Last date for submission of Working models, Demo models and Posters is 25-05-2021.

(Dr.G.Neeraja Rani)
HoD- FE Department

1. For circulation in all the B. Tech. classes.

Lecture Summary:

A guest lecture was organized on "Circuit Theory and its Applications in Electronics and Communication Engineering" for the benefit of II year B.Tech (ECE) students on 22nd December 2020. The primary objective of the lecture was to make students understand the applications of linear circuit theory concepts in the more practical subjects such as electronic circuit analysis, pulse and digital circuits, filter analysis and design, feedback networks in oscillators, tuned circuits in amplifiers and so on.

Dr.V.Kumara Swamy ,Associate professor,sreenidhi Institute of Science and Technology has delivered an interesting talk covering both fundamental concepts as well as a large number of applications of circuit theory in electron circuits and communication engineering. The overall response of students was very encouraging.

The vote of thanks was given by Prof. S.Bujanga Rao. and Mrs. M. Sowjanya Associate Professor, ECE Department .

As per the feedback received from the participants it was very good learning experience, the lecture helped them in understanding the concepts of circuit theory applications in ECE.

The feedback was received from the 43 participants and it is as follows.

Name of the participant	[The objectives for the session were clear.]	[The program was well placed within the allotted time]	[The material was presented in an organized manner]	[The instructor has good communication skills]	[The instructor has a sound knowledge on the topics delivered]	[The Guest Lecture improved my understanding of the topics]	[I understood the concepts presented in the Guest Lecture]	[The knowledge and skills I learned will be useful to me in my professional career]	[I would attend other Guest lecture offered by this facilitator in future]

Report on Webinar

“Personality Development and Resume Building”

Objectives:

- 1. To make the students aware on key elements of resume**
- 2. Importance of Personality Development**
- 3. Knowledge on interconnection between personality development and placements**

Srujanastra Club in association with IETE organized a webinar on “*Personality Development and Resume Building*” on 15th of May, 2021 at 01:00PM. This event was coordinated by Mrs.M.Laxmi, Associate professor of ECE department. The speaker of this webinar was *Mrs. G. Latha Suhasini, Assoc.Prof of English Dept. ,GCET*. Speaker had spoken about the ‘key elements in a resume’ like Introduction, Primary Section and Secondary Section and also about importance of teamwork . Apart of these speaker also described about ‘Traits of Teamwork’ which includes Loyalty, Honesty, Effective communication and much more.

The total number of participants in the webinar were 127. Srujanastra Club is issued certificates under IETE student chapter to all of these participants. Feedback we received was phenomenal the average rating given to the session was 4.58 out of 5. Finally, this webinar has ended successfully with a lot of informative and enlightening points.

SRUJANASTRA CLUB in association with IETE presents

Report on "POSTER PRESENTATION COMPETITION"

OBJECTIVES:

- **The main objective of this event was to bring out and enhance poster presentation skills of students**
- **To facilitate students with knowledge along with their creative thinking.**
- **To visually represent their key points pictorially on technical topics**

Srujanastra Club had organized an online "Poster Presentation Competition", an inter college event on 27th June 2021, in association with IETE Student Branch GCET. In this event total of 25 teams participated with enthusiasm. Among those 25 teams 5 teams from different colleges participated

The main aim of this event is to bring out the presentation skills and explain pictorially using the designed posters in online platforms, and also to test their technical interests and creativity in designing posters

Judge panel Dr.P. Srihari and Dr.R. Vijaya Durga, judged the technical aspects considering equal weightage in Selection of Topic and Presentation skills. Time Limit of 2 minutes was given to the participants to express their views on their poster.

Considering the above criteria, the winners and runners are decided by the Judges. Winners are awarded 1000\/- and Runners are awarded 500\/- from IETE Student Branch GCET.

Winner for Poster Presentation Competition is P.SAI PALLAVI from **SREENIDHI COLLEGE OF ENGINEERING AND TECHNOLOGY** bearing Roll Number 19311A0562 for the poster titled "Cyber Crimes".

Cye
P. SAI PALLAVI
Geethanjali College of Engg. and Tech.
Cheeryal (V), Keesara (M), Medchal Dist. (T.S.)-501 301.

Runner-up of Paper Presentation Competition is **M.KEERTHANA** from **GCET** bearing Roll Number 18R11A0432 for the poster titled "Aerogels"

- The process of lean startup process is well understood.
- The works of Steve Blank, Eric Ries , Alexander Osterwalder, Clayton Christiansen the speaker has given an indepth process that is to be laid out while taking the PhD thesis to product level was very well appreciated by the participants
- All the participants opined that - Books suggested like Beyond the summit – Todd Skinner, Four steps to the empathy – Steve Blank, Startup way –Eric Ries, The lean startup, The startup Owner’s manual etc were all will be useful.
- “Every business is the same inside” is the concept that was very well understood
- “The factors of comparison” for all businesses is the same
- The session concluded by Dr. Anil Kumar Puppala I/C IIC council at GCET and thanking the members who attended the session.

To
The Principal,
Geethanjali college of Engineering and Technology,
Cheeryal, Hyderabad

Subject: Request for approval of budget for conducting ideation session.

Incubation center of GCET is planning to organize an ideation session on 12th Dec 2020 as per the internal circular dated 30th Oct 2020. The following is the budgetary requirements.

S. No.	Description	Cost (INR)
1.	Transportation	2,100
2.	Lunch/Food 5-6 people	600
3.	Stationery	500
4.	Honorarium = 4000*3	12,000
	Total	15,200

It is kindly requested to approve the same.

Thanking You
Anil Kumar Puppala

Title - idea

Smart Agriculture using IoT.

Novelty of the idea:

(Patent/market/Literature search

Implementation of IoT technology in agriculture sector.

Technical Feasibility:

A prototype model can be developed & will be implemented successfully.

Title - idea e-Farmer Portal Development

Novelty of the idea:

(Patent/market/Literature search)

Grives farmers detailed information of their farmlands and suggest what crops to grow and also teach them ways to harvest and store their produce. Also, create a portal where farmers can directly interact with end consumers.

Technical Feasibility:

Since, every person (almost) has a smartphone with internet connection, this would facilitate an easy way of farming.

CIRCUITER

An online circuit analysing contest

23 Dec, 2020  |  04:00 P.M

Participate and win exciting prizes

Register at:
bit.ly/casgcetcircuiter

/ieee_gcetsb

/IEEE-GCETSB

The winners of Circuiter -An online circuit analysing contest are:

1. Arunlal Jayaraman from GEC Barton Hill, Trivandrum
2. Mandapuri Saiteja from Geethanjali College of Engineering and Technology, Hyderabad
3. Kandula Vineela from Geethanjali College of Engineering and Technology, Hyderabad

Event Coordinators:

1. G. Nitish (17R11A04L3: ECE-4E)
2. Y. Saketh Kumar (18R11A0446: ECE-3A)
3. G. Akhila (18R11A0463: ECE-3B)

Report prepared and drafted by:

G. Akhila (18R11A0463: ECE-3B)

- Students are capable of drawing schematics and Layouts for various circuits.
- Learned new EDA design flow Cadence and Xilinx
- Motivated to do VLSI based projects

Participants of workshop:
