- **As all levels of blooms taxonomy were not reached. They have been advised to change the question patterns so that they reach all levels.**
- **All the subjects were following Blooms Taxonomy, and proper weight age was given for all the questions.**
- **In ES few questions seemed to be too short for long answer type questions, so they were asked to change that.**
- **It has been observed that in objective paper of all subjects, proper weight age was given for all the questions of all units.**

Evaluation schema for the selected set will be prepared by the course coordinator along with their respective course teachers and submit it to the review committee along with the corrected answer scripts.
