

Report on plantation in RK Matt - I

Date :- 27/7/18

Venue :- RK Matt

plantation programme was held on 27/7/18 in RK Matt, as a part of orientation programme for I B.Tech Students. This programme was organized under Environmental club. About 250 Students went to RK Matt along with 10 faculty members. we collected plants from HMBA and distributed them to students. They planted around 500 plants in digs which were done by RK Matt people.

we thanked RK Matt people for giving support to conduct this programme.

CHAPTER

Subject: Introduction to the Environment
A part of the course is devoted to the study of the environment and its impact on human health and development. The course is designed to provide a comprehensive understanding of the environment and its various components. The course is divided into several units, each covering a different aspect of the environment. The first unit deals with the general concept of the environment and its components. The second unit deals with the physical environment, including the atmosphere, hydrosphere, and lithosphere. The third unit deals with the biological environment, including the flora and fauna. The fourth unit deals with the human environment, including the impact of human activities on the environment. The fifth unit deals with the environmental quality and its assessment. The sixth unit deals with the environmental protection and management. The course is designed to provide a comprehensive understanding of the environment and its various components.
