The main aim of this program is to get aware of various issues and concerns that impact girls and women. We should think of build a safety environment towards women and able to get insights to promote safety aspects so that we can create grass roots voice of change for safety. This TTT is five day program; each session is for three hours and after all the sessions an assessment test was conducted. The majority discussions were about safe space and safe guarding of women and creating positive thought process to build the self-confidence. And they guided the students not to hesitate to take support of police or to take legal procedures.

They discussed about Child welfare, Women welfare and Save the Child. Speakers explained with examples and flow charts which help students to understand the situations. All the sessions were very informative and motivational to support and help the woman and needy.

Speakers interacted with the students by posing questions like what are the measures of women safety and volunteering, and made them very active to participate this kind of events. Twenty five students participated the event, But nineteen students only got certificates base on daily assessment

REPORT OF WOMEN'S DAY CELEBRATIONS

2021

Geethanjali College of Engineering and Technology conducted various activities and competitions as a part of Women's day celebrations on 6th and 8th of March 2021.

The faculty and the students gathered in the Mechanical Block, Seminar Hall at 2:30 pm on 6th March. The program officially started by the Presiding Officer of Women Protection Cell, Dr. V.S.Triveni who delivered a promising speech and addressed the gathering about the role of Women In Globalization and safety guidelines. Dr. Sita Madhavi was appointed as the judge and promptly spoke about Women Empowerment. Three competitions in the field of skit, dance and singing were organised with a total of 40 participants. Also, the faculty enthusiastically participated in the singing competition. The participants excelled in their performances and the audiences were thoroughly entertained. Competitions were held up till 4 pm and the prize winners were announced by the judge. Dr. V.S.Triveni concluded the program with a thanking note. Refreshments were provided to the faculty and organisers.

On 8th of March, Poster-making competition was organised was organised in Block 2 at 2:30 pm. A total of 19 posters were presented by 32 participants on topics including Cyber Security, Challenges faced by Women at workplace, Role of Women in Globalization and Cyber-crimes against Women. Along with the competition, fun activities were organised by the student bodies, namely: Dare to Do, Two Truth and a Lie, Guess the Song, Name and Relation and Balls with Straws.

Faculty and students alike enjoyed the activities immensely. The student groups were able to enhance their organisational skills. Three prize winners were announced in the Poster Presentation Competition. The events concluded on a pleasant note.

Corona virus structure

The diagram illustrates the structure of a Corona virus. It features a central Nucleocapsid protein (N) and RNA. The virus is surrounded by a Lipid bilayer membrane. On the surface of the membrane, there are Membrane proteins (M) and Envelope proteins (E). The most prominent feature is the Spike glycoprotein (S), which forms the characteristic crown-like appearance of the virus. Hemagglutinin esterase (HE) is also shown on the surface.
