

Geethanjali College of Engineering and Technology

CHEERYAL (V), KEESARA (M), Medchal DIST-501301, Telangana

Report on

Session on: Why IP is important in Academia?

(MIC driven activity)

Conducted at GCET on 7th Sept 2021

As Geethanjali College of Engineering and technology and all other colleges in Telangana were under lockdown, information about this was passed on to students and faculty. Several faculty took the session at their convenient time on different days from their home/office and sent us the pictures. Also, after the college has opened, it was ensured that the same is played/disseminated in the classroom as well.

Objective: Number of IPs that were filed from the college stands at a very dismal number. Hence to improve the same, IP literacy/awareness session was telecasted and taken to students and faculty.

Outcome: A lot of awareness about intellectual property was born/created among the student community.

They expressed wonder about the IP born in the campuses across the Globe and the quality of the companies that were born in the campus.

Total number of students: 270

Faculty attended till date: 13
