1. INTRODUCTION

World Malaria Day is a global healthcare awareness event observed annually on the 25th of April, a global call to various local and government healthcare authorities and policymakers to promote the action required to combat and eradicate malaria.

A parasitic infection, malaria, is spread by the female (Anopheles) mosquito and can cause severe, sometimes fatal illness. Malaria threatens 200 crore people every year, including residents of 90 endemic countries and 12.5 crore international tourists. Plasmodium parasites acquire a complex life cycle that results in periodic fevers. Most patients recover quickly from malaria symptoms after treatment, but severe complications such as severe malarial anaemia, cerebral malaria, coma, or death can occur if treatment is delayed.

World Malaria Day 2023 Theme

2. This year, 2023, the World Malaria Day theme is “Time to deliver zero malaria: invest, innovate, implement” a call to implement the currently available tools and strategies to reach those who are in need at the Western Pacific.

Geethanjali College of pharmacy observed World Malaria Day in college premises on 25/04/2023 at 3.00 pm. This program was organized by Department of Pharmacognosy on this occasion Professor and HOD DR. Bharat Bhusan Mohapatra given lecture on theme “Time to deliver zero malaria: invest, innovate, implement” and motivated students for making awareness on prevention and cure of malaria. In this program faculty and students were participated.

REPORT ON WORLD HEALTH DAY

Name of the Programme: World Health Day.

World Health Day was organized by Geethanjali College of pharmacy on 07/04/2023. The session was handled by Dr. R. Naga Kishore (HOD of Pharmacology Department, Geethanjali College of Pharmacy).

“World Health Day” Aims to draw attention to a specific health topic of concern people all over the world. It is an occasion run by the world health organization- the international body responsible for public health. In 2023, the main theme of World Health day is ‘Health for all’ and this year, the date of 7th April marks the 75th anniversary of the founding of WHO in 1948.

This day focuses on the awareness of people around the world to take care of their health.

CIRCULAR

As per PCI recent communication the pharmacy institutions have to celebrate Pharmacy Education Day on the occasion of 06/03/2023 . The theme for this year is "PHARMACY STRENGTHENING HEALTH SYSTEM". Different activities like awareness programs ,pilot studies on various chronic diseases and mega health camp are conducted. Hence both Pharm.D and B.Pharm students can participate in these activities.

1.0 INTRODUCTION

The Geethanjali College of Pharmacy, Cheeryal, Hyderabad, was established in the year 2007 and has organised Pharmacy Education Day on 6th March, 2023 with the theme "**PHARMACY STRENGTHENING HEALTH SYSTEM**" organised by the department of Pharmacy Practice, sponsored by Teja Educational Society, Hyderabad.

On this occasion, Union Minister of State (HFW) **Dr Bharati Pravin Pawar** inaugurated a platform named **Pharma Anveshan 2023**, where academic research and the industry can exchange their findings for the benefit of society. He also launched the digital job portal called the '**One Stop-Non Stop**'. An MoU was also signed between the PCI and several pharma bodies to bridge the gap between industry and academia, boost training (of both faculty and students), promote entrepreneurship and boost infrastructure development.

Various materials have been used to propagate the theme and the message to celebrate the Pharmacy Education Day

2.0 OBJECTIVE

National Pharmacy Education Day was celebrated on march 6th, in honour of the birth anniversary of professor Mahadeva Lal Schroff, with the main objective of creating awareness to pharmacy graduates about their career objectives in different industries such as Sales ,marketing, research and development, manufacturing, quality check, education etc.

Working in the pharmacy industry is comparatively stable. Most graduates are able to find employment within months of graduating with a degree as well

4.0 ADDRESSING THE EVENT

The Principal welcomed the students, participants, and faculty to the celebration of National Pharmacy Education day; explained the importance of Pharmacy Education Day which was celebrated on the Birth anniversary of DR MAHADEV LAL SCHROFF who is the Father of Indian Pharmacy Education

On 06.03.2023

- The opening of pharmacy week celebrations was done by **G. R. Ravinder Reddy**, M.Tech, Ex. IPS Secretary, Geethanjali College of Pharmacy.
- The Inaugural Address was given by **Prof. M. Ravi Kumar**, Principal, Geethanjali College of Pharmacy.
- The event began with the almighty's invocation and the lighting of the lamp.

Prof. M. L. Schroff, is recognized as the Father of Pharmacy Education in India. He certainly remains an ideal to all pharmacists working in this country irrespective of their branches and diversity of duties. He played a great role in building pharmacy education in India, he also contributed to the development of other aspects of the pharmacy profession. Prof Schroff started the M.Pharm Education in 1940 at BHU with his efforts. Slowly, pharmacy education sprung up in different places in India.

Pharma Anveshan 2023: It was launched to promote research, and innovation, and also to enhance industry and academia

One Stop – Non-Stop Digital Portal: To help the students coming from towns and villages. The portal will mainly provide information about job opportunities in the country

LIST OF VARIOUS EVENTS CONDUCTED

AWARENESS PROGRAM ON VARIOUS DISEASE

Students of 3rd year pharm D has shared an awareness on benefits of smoking cessation and also they explained on risks and harmful effects of smoking. The evaluators for this awareness session was Dr .S Kiranmai, Dr.MD.Mohsin Pasha and Dr Ilepsibha Modi

STUDENTS EXPLAINING ABOUT HARMFUL EFFECTS OF SMOKING

STUDENTS EXPLAINING ABOUT CHRONIC DISEASES

STUDENTS EXPLAINING ABOUT HARMFUL EFFECTS OF SMOKING

PILOT STUDY ON CHRONIC DISEASES

On 09/03/23

Students of Pharmacy Practice department along with staff conducted a rally in Cheeryal village and conducted Epidemiological studies on chronic diseases and the medications used by the people living in Cheeryal village

The survey was done with the help of google forms and students have collected the data regarding the past chronic illness and past medication history of individual person

Students also encouraged the village people to attend medical camp and distributed the event pamphlets which was conducted on 11/03/23

The Survey was done by the students with the help of Google forms which include the questionnaire like Demographic details of the people and past medical history, medication history, family history and their usage of antibiotics

Nearly 431 responses have been received by the villagers and they have actively participated in the survey. Pharm.D 2ND 4TH 5TH and 6TH have attended the survey

ADDRESSING THE EVENT

The Principal welcomed the RVM Doctors ,Nurses, students, participants, and faculty of pharmacy practice department ; explained the importance of Pharmacy Education Day which was celebrated on the

The Inaugural Address was given by **Prof. M. Ravi Kumar**, Principal, Geethanjali College of Pharmacy

RIBBON CUTTING BY PRINCIPAL

WELCOMING MEDICAL TEAM

HIGHLIGHTS OF MEDICAL CAMP:

Mega Medical camp was conducted around 400 people has utilized the provided services

The following services has been provided

- Blood pressure
- Blood sugar level

- Ultra sound abdomen scan
- E.C.G
- Free distribution of medicines
- Patient counselling

The following RVM physicians have visited

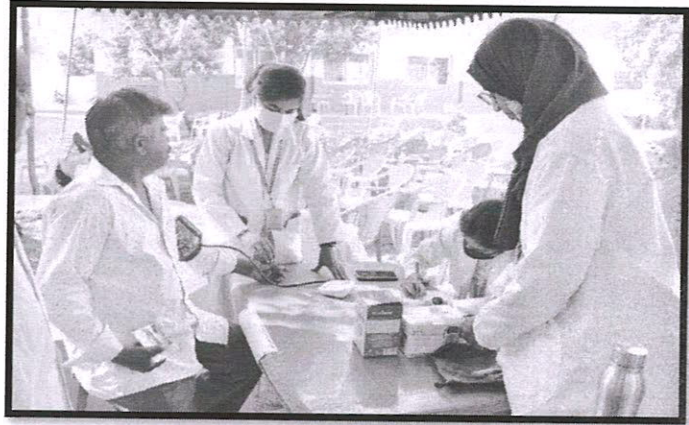

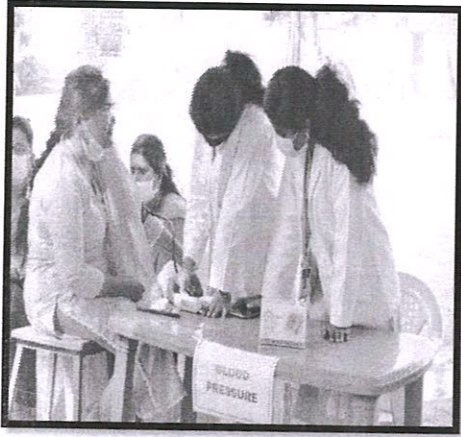

- ❖ Dr CHINTHA ABHINAYA (Ophthalmology)
- ❖ Dr CHANDANA (pulmonology)
- ❖ Dr SWATHI (ENT)
- ❖ Dr PRUTHVI CHAITANYA (surgery)
- ❖ Dr LATHA (Radiology)

Department of pharmacy practice staff ,nursing staff from RVM hospital ,NSS volunteers and pharm D students of 4,th 5th and interns has attended the program make the event successful

Leaflets of patient counselling has also been distributed to the people who has attended the medical camp

HYPERTENSION

Hypertension is also known as high blood pressure. It occurs when blood pressure increases to unhealthy levels.

Normal Levels

- > Systolic blood pressure - 120 mm Hg
- > Diastolic blood pressure - 80mm Hg

Symptoms:-
 Palpitations, Difficulty in breathing, Chest pain, Fatigue, Vision problems, Severe head ache.

Risk Factors:-
 Obesity, Age, Gender, Excessive salt intake, Stress, Kidneys problem, Diabetes mellitus.

Complications:- (Problems if Hypertension Not Controlled):-
 Heart problem, Eye problem, Nerves problems.

DO'S	DON'T'S
Eat more vegetables, Fruits	Don't drink Alcohol
Eat less salt	Stress
Daily exercise	Avoid Coffee, Oily Food
Maintain Healthy Body Weight	Minimise / Avoid sugar and salt
	Do no smoke
	Do not miss medication
	Less Sleep, Sedentary Life Style

మధుమేహం

ఇది రక్తంలో అధిక చక్కెరను కలిగించే తీవ్రమైన వ్యాధి

లక్షణాలు: -
అకలి పెరగడం, చాచాం పెరగడం, బరువు తగ్గడం, తరచుగా మూత్రవిసర్జన, అస్పష్ట దృష్టి, తీవ్ర అలసట, పిల్లలమైన గాయం మొదల.

ప్రమాద కారకాలు:-
అధిక బరువు, వయస్సు > 45Y, అధిక రక్తపోటు, అధిక కొలెస్ట్రాల్.

చిక్కులు: -
గుండె జబ్బులు, సాచాలకు నష్టం, ఒత్తిడి, శారీరకంగా శ్రియాహీనం, దృష్టి నష్టం.

మందులు తీసుకునే ముందు మీ డాక్టర్ లేదా సార్వసర్వకము తెలియజేయండి:-

- > మీకు కొన్ని మందులకు అలెర్జిక్ రియాక్షన్
- > మీకు కాలేయం లేదా మూత్రవిసర్జన వ్యాధి ఉంది
- > మీరు గర్భిణి లేదా తల్లి

చేయదగినవి	చేయవద్దు
మీ ఆహారంలో కూరగాయలు, పండ్లు - బానానా, నారింజ, అమ్మి, తిమ్మి	దీని తిండి పండ్లు మానుకోవాలి
పైసర్ పుడ్ల (క్రీందావ్యాలు, చిక్కుదావ్యాలు, అకు కూరగాయలు మీ ఆహారంలో తీసుకోండి	రక్తంలో చక్కెరను పెంచే పుడ్ల కొద్ది, చిప్స్, పిక్లెలు తినవద్దు
కొవల పుడ్ల తీసుకోవడా 4-5 చిన్న తరచుగా తీసుకోండి	నియమిత మరియు కొద్ది పొటాటోలు తినవద్దు
కొవల మరియు చిన్న పుడ్ల తీసుకోండి	చక్కెర లేకుండా లేదు మరియు కానీ తీసుకోండి
ఆహారాన్ని బాగా నమలండి మరియు పుష్కలంగా నీరు త్రాగండి	వీరగానీ పుడ్లు
	మందులు మీకు అవసరం
	మాత్రం తప్పనిసరిగానే వీరగానీ తీసుకోవడానికి ప్రయత్నించండి కానీ దుబిత లేని తీసుకోండి

WORLD CANCER DAY REPORT

1.INTRODUCTION:

Geethanjali College of Pharmacy, Cheeryal, Hyderabad was established in the year 2007 and has organized World Cancer day 2023 on 4th Feb 2023. Cancer day is observed to spread awareness, inspire change and reduce the global impact of cancer.

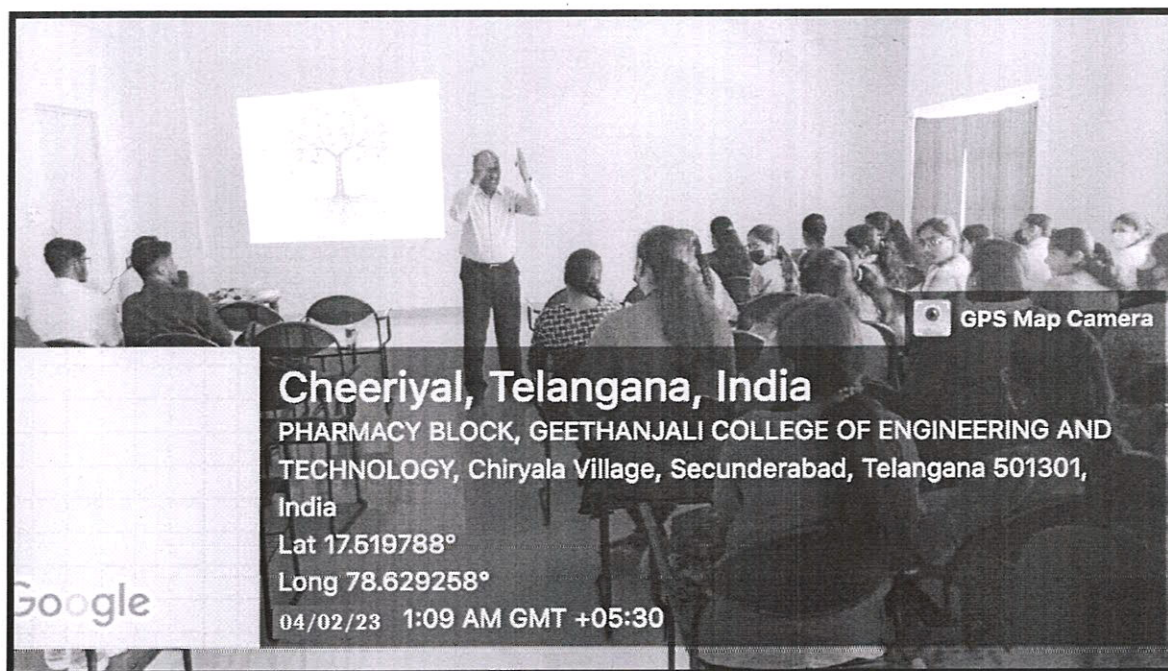

2.OBJECTIVE:

The aim to observe World Cancer Day is to reduce misconceptions about cancer and to help people in getting the right information about it. It also offers a chance to make an impact in the betterment of the life of cancer patients and survivors. To offer technical support to the members states for implementing the plan for prevention, awareness about the causes of cancer, treatment for Cancer which will include testing, counseling, anticancer therapy etc. To encourage students from schools, colleges to contribute to the campaign organized for cancer.

3.ADDRESSING THE EVENT:

Principal welcomed the students, participants and faculty to World Cancer day and

explained the preventive measures of Cancer.

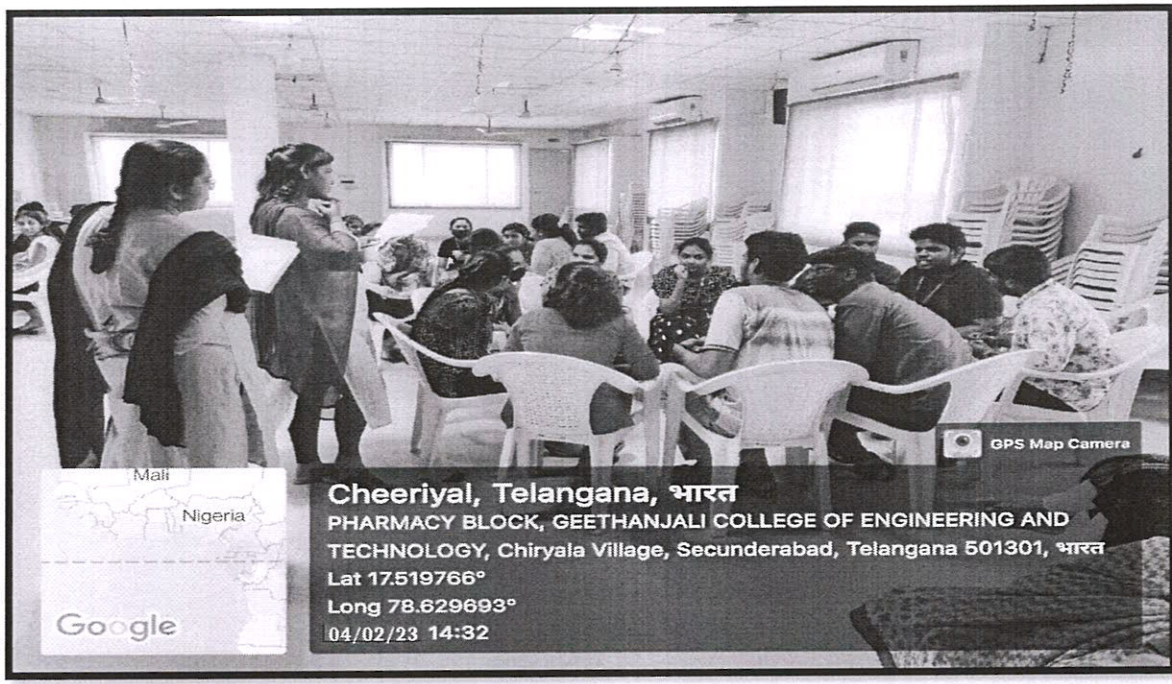

4. INFORMATION LEAFLET DISTRIBUTION:

The organizing committee has distributed cancer awareness leaflets to members on the occasion of world's Cancer day.

5. WORLD CANCER DAY 2023 QUIZ

On the eve of world cancer day to bring awareness about the basic concepts of cancer, Faculty of department of pharmacy practice conducted a national level quiz on cancer awareness. It was well received by all student and faculty members as we got a overwhelmed responses of about 58 participants.

6.DISCUSSION:

Awareness Day events require a significant amount of effort (such as staff time and resources). It is important to be able to describe specifically how the Awareness Day aligns with your organization's mission and what outcomes you can achieve from an event. Whether or not your organization decides to host an event, it is useful to consider partnering with other Cancer organizations and like-minded organizations beyond the Cancer community.

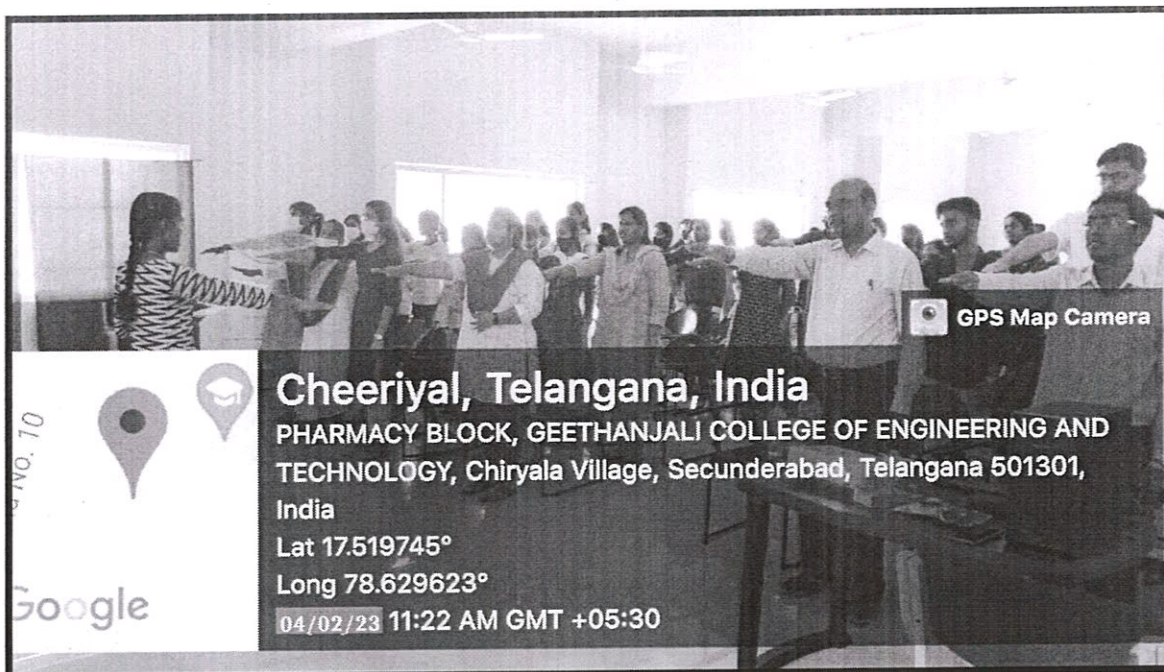

Each year, World Cancer day is observed with a particular theme in mind. For 2023, the theme is, “CLOSE THE CARE GAP”, which will focus on creating global solidarity among people who live with Cancer and also seek to destigmatize the health issue.

7.OUTCOMES:

World Cancer Day was originated at the first World Summit against Cancer in 2000. It was held in Paris and was founded by the Union for International Cancer Control (UICC). Each year, on 04 February, the world commemorates World Cancer Day. People around the world unite to show support for people living with Cancer and to remember those who have died from Cancer-related illnesses. Each World Cancer Day focuses on a specific theme, which this year will be “Close The Care Gap And The Call To Unite Our Voices And Take Action,” is about making a commitment to act and standing up for a cancer-free world.

8.CONCLUSION:

There is not a solid cause for developing cancer. But we need to maintain and safeguard ourselves from certain factors like toxic lifestyle habits to reduce the risk of cancer. This year’s theme **Close The Care Gap And The Call To Unite Our Voices And Take Action**,” promotes the positive message for the cancer patients to have the courage to battle this life-threatening condition. The conducted awareness programme helped to increase the knowledge about the disease and recent developments and research

Uniting our voices and taking action

REPORT ON LEPROSY ERADICATION DAY

Name of the programme: Leprosy Prevention Day.

Leprosy Prevention Day was organized by Geethanjali college of pharmacy on 30/01/2023. Prof. Dr. M. Ravi Kumar was the resource person. He gave a brief introduction on Leprosy Prevention Day. The session was handled by Mrs. T. Anoosha, M. Pharm, B. Ed, Assistant Professor (Faculty of Pharmacology Department, Geethanjali College of Pharmacy).

“Leprosy Prevention Day”- this day is an opportunity to celebrate people who have experienced leprosy, raise awareness of the disease, and call for an end to leprosy related stigma and discrimination. He explained the theme of this day attention to three key messages:

1. Elimination is possible: we have the power and tools to stop transmission and defeat this disease.
2. Act now: we need the resources and commitment to end leprosy. Prioritize leprosy elimination.
3. Reach the unreached: Leprosy is preventable and treatable. Suffering from leprosy is needless.

REPORT ON "NATIONAL ROAD SAFETY WEEK"

One day session on "NATIONAL ROAD SAFETY WEEK" was conducted offline mode on 1ST WEEK OF January 2023 in Geethanjali College of Pharmacy, organized by the Department of Pharmaceutics in association with IQAC Geethanjali College of Pharmacy.

Aim & Objective:

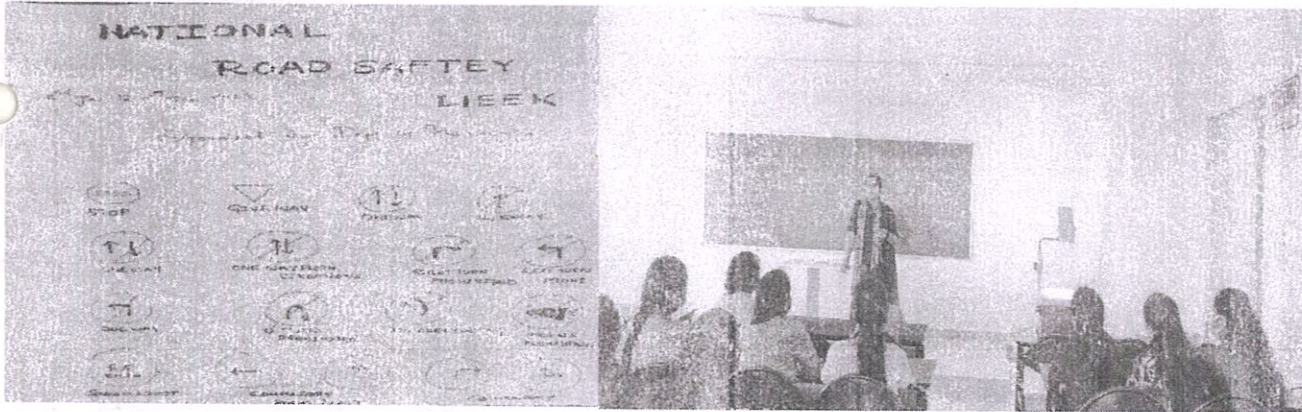

It aimed to follow this year's "National Road Safety Week" celebrated from January 2nd to 8th to raise awareness to prevent death and injuries worldwide. The primary purpose of this event is to emphasize and educate students about the importance of road safety rules. Students are educated on the basic symbols to strictly follow.

Expected outcomes:

Here are the essential road safety rules every driver and pedestrian must adhere to:

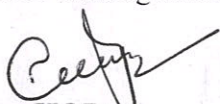

1. When behind wheels, always follow the red, green, and yellow light signals installed at crossroads, intersections, and zebra crossings
2. Stay to your left while walking, using a vehicle, or taking a turn.
3. Use hand gestures and signals to communicate with vehicles and people on the road.
4. Mobile phones are one of the biggest driving distractions and can be extremely dangerous.
5. Driving or riding a vehicle when intoxicated is a punishable offense and the strictest among all road safety rules across the globe.
6. Wear necessary safety gear as a road safety precaution.
7. Give way to emergency vehicles such as ambulances and fire brigades to save lives
8. Driving requires total attention.

REPORT ON "WORLD AIDS DAY"

One day session on "WORLD AIDS DAY" was conducted offline mode on 1ST December in Geethanjali College of Pharmacy, organized by the Department of Pharmaceutics in association with IQAC Geethanjali College of Pharmacy.

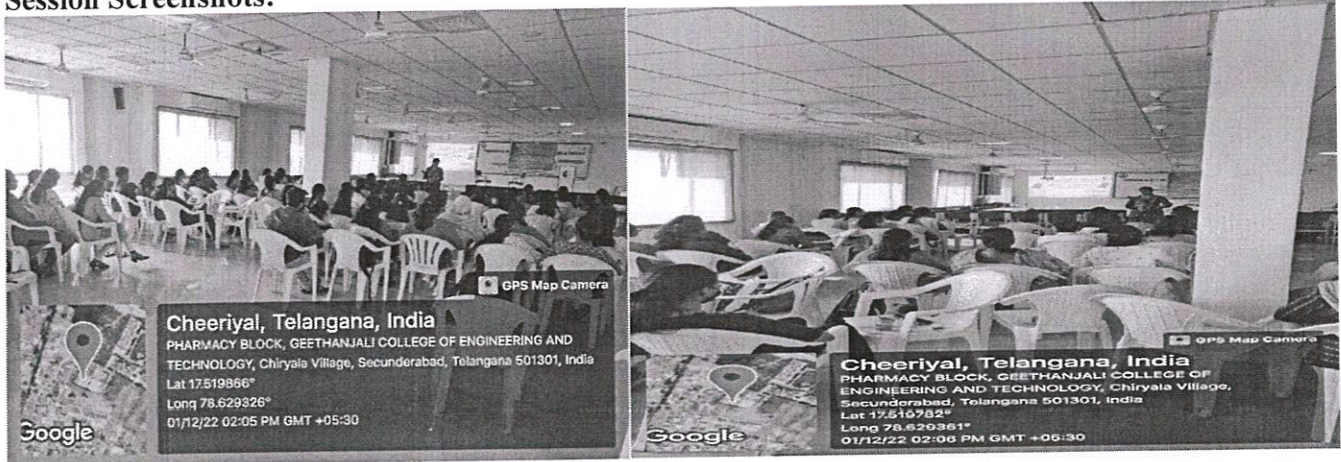

Aim & Objective:

It aimed to follow this year's theme for World AIDS Day: "EQUQLIZE" To reiterate the importance of AIDS Awareness in higher education, the "Equalize" slogan is a call to action. It is a prompt for all of us to work for the proven practical actions needed to address inequalities and help end AIDS. "Putting Ourselves to the Test: Achieving Equity to End HIV." It encourages people to eliminate the disparities and inequities that create barriers to HIV testing, prevention, and access to HIV care.

Expected outcomes:

Improving student-awareness of AIDS, its prevention, transmission, and care.

61ST NATIONAL PHARMACY WEEK (NPW)-2022

THEME: "PHARMACY OF THE WORLD - INDIA"

1.0 INTRODUCTION

Geethanjali College of Pharmacy, Cheeryal, Hyderabad was established in the year 2007 and has organized 61ST National Pharmacy Week in association with IPA from 20th – 28th Nov 2022 with the theme of "PHARMACY OF THE WORLD - INDIA"

" National Pharmacy Week has been celebrated throughout the country during 20th to 26th November 2022. Every year celebrates the National Pharmacy Week to inspire the students, community for the betterment and the responsible use of medicine by the pharmacist. India is known as the 'pharmacy of the world', **ranking third in pharmaceutical production by volume and expected to reach \$65 billion by 2024.** 50 per cent of the global demand for vaccines, 40 per cent of generic demand in the US and 25 per cent of all medicine in the UK have been supplied by India.

VOTE OF THANKS

It's an honour to have been asked to offer a vote of thanks on the occasion of the 61st "National Pharmacy Week (NPW)" in our college. **Dr. Bharat Bhusan Mohapatra** On behalf of Geethanjali College of Pharmacy and the entire management group here, I am very heartily grateful to all the speakers for sharing their graceful words with us in this national week celebrations.

An initiative of Indian Pharmaceutical Association (IPA) "National Pharmacy Week (NPW)" is a channel to create awareness among the general public about the profession of Pharmacist and the role of India in world pharmacy.

The theme for this year is "**Pharmacy of the world - India**". The major focus of NPW celebrations is to create awareness among the public, other healthcare providers and the authorities, about the NPW theme. Acknowledging the invaluable contributions that the pharmacist makes to the healthcare system, Geethanjali College of Pharmacy has conducted 61st National Pharmacy Week celebrations from 20 to 28th November, 2022.

In spite of the busy schedule, I am very thankful to all the participants for attending the sessions and made it grand success. We have been fortunate to have of the renowned identity from academic, industry, and other areas. I am very thankful to the entire participants of "NPW". I am sure that our college will continue to get significant provision from the diverse groups in the future.

I take this occurrence to thank the entire college as well as the participants for representing their valuable views. I must remark a proficient sense of gratefulness to all of our guests for sharing with us their valuable words. All the participants of this "National Week Celebrations" are all inspired by your highly sparkling words.

I want to extend my generous thanks to the chief guest who has taken their precious time in spite of his busy schedule, for his continuous support and cooperation. I thank our faculty members for their leading supervision and inspiring at every point of time in college, last but not least I must thank to our beloved principal sir Dr.M.Ravikumar garu without his support and encouragement we can't make it grand success, now finally grateful Thank to our Dynamic secretary sir Mr.G.R.Ravinder Reddy garu for his encouragement to conduct this event.

It's not possible to thank everyone for such an appreciating involvement and the willingness they have expressed to finish the task.

REPORT ON SEMINAR ON WORLD SCIENCE DAY

Name of the Programme: World Science Day.

World Science Day was organized by Geethanjali College of pharmacy on 07/04/2023. The session was handled by Dr. R. Naga Kishore, Ph.D, Professor (HOD of Pharmacology Department, Geethanjali College of Pharmacy).

“World Science Day” For peace and development highlights the important role of science in society and the need to engage the wider public in debates on emerging scientific issues. It also underlines the importance and relevance of science in our daily lives.

World Heart Day

Observed on
29th September every year

Aims to create awareness on
heart disease prevention

© www.medindia.net

**'Make Your Heart Promise -
For My Heart, For Your Heart, For All Our Hearts'**

1. INTRODUCTION:

Geethanjali College of Pharmacy, Cheeryal, Hyderabad was established in the year 2007 and has organized WORLD HEART DAY on 29/09/2022 to raise awareness about as a way to draw attention of cardiovascular illnesses and their management.

2. OBJECTIVE:

World Heart day is observed each year on September 29 with a goal of increasing worldwide awareness, preventing CVD and managing the disease. To encourage students from schools, Colleges to contribute to the campaign organized for Heart Diseases.

5. LIST OF EVENTS:

• PRESENTATION ON CPR:

CPR Facts

- > Heart disease is the number 1 killer in the U.S.
- > 330,000 Americans die yearly
- > 50% of these will die before they get to the hospital

Copyright © Texas Education Agency, 2017. All rights reserved. 3

CPR Facts

- > The most common cause of death from a heart attack in adults is ventricular fibrillation
- > Ventricular fibrillation:
 - A disturbance in the electrical rhythm of the heart
 - Can be treated with defibrillation (applying an electrical shock to the chest)
 - If a defibrillator is not readily available, brain death will occur in less than 10 minutes

Copyright © Texas Education Agency, 2017. All rights reserved. 4

CPR Facts

- > During cardiac arrest, the heart stops pumping blood.
 - CPR is one way of buying time until normal heart function is restored or a defibrillator becomes available.
 - CPR provides artificial breathing and circulation, keeping oxygenated blood flowing to the heart and brain.
 - The earlier you give CPR, the greater the chance of success.
- > CPR is a combination of rescue breathing and chest compressions.

Copyright © Texas Education Agency, 2017. All rights reserved. 5

When to Give CPR

- > Someone is not breathing and has no pulse
- > If someone is not breathing, but has a pulse, perform rescue breathing

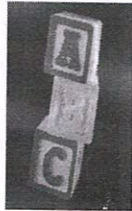

Copyright © Texas Education Agency, 2017. All rights reserved. 6

When to Give CPR

Check the ABCs:

- > Airway
- > Breathing
- > Circulation

Copyright © Texas Education Agency, 2017. All rights reserved. 7

A is for Airway

- > Check their mouth or throat for blockage
- > Sweep the inside of the mouth with your fingers, if necessary

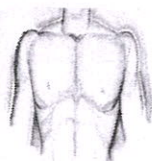

The Mouth

Copyright © Texas Education Agency, 2017. All rights reserved. 8

B is for Breathing

- > Put your ear to the mouth and nose
- > Listen to see if they are breathing
- > Observe if the chest is rising
- > Feel for breaths on your cheek

Copyright © Texas Education Agency, 2017. All rights reserved. 9

C is for Circulation

Feel for a pulse

- > Put your fingers on the side of the neck or on the top of the underside of the wrist
- > Do NOT use your thumb. Your own pulse may be felt, and this could lead to confusion

1. INTRODUCTION

World Rabies Day is celebrated each year on September 28 as a tribute to Louis Pasteur – the inventor of the first effective rabies vaccine in the world. The day is observed to promote the fight against Rabies, raise awareness of its prevention, and celebrate the achievements the world has made against this deadly disease. What is Rabies?

Rabies is a fatal but preventable viral disease, which is spread to people from the saliva of infected animals. It is transmitted through animal bites usually from stray dogs or dogs who have not been vaccinated. The symptoms of the disease include headache, extreme fever, excess salivation paralysis, mental disorder, and confusion, eventually leading to death in some cases.

World Rabies Day 2022: Theme

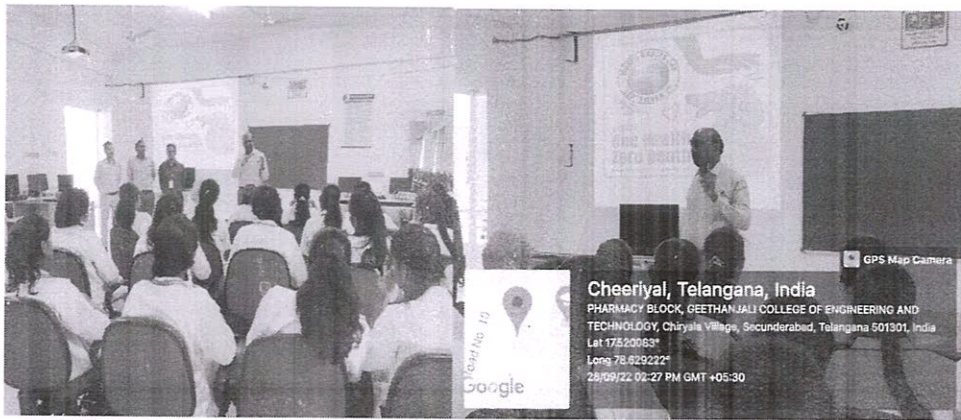

According to the World Health Organization, the theme of World Rabies Day 2022 is '**Rabies: One Health, Zero Deaths.**' The theme is to emphasize the connection between the environment, people, and animals. One Health in the theme represents the vulnerabilities of the health system but also sheds light on how magnanimous they can achieve with collaboration across sectors. Zero Deaths means that the world has all the medicines, tools, vaccines, and technologies to eradicate the disease, and 'zero deaths' should be the end goal.

World Rabies Day 2022: Significance

On the day, a network of international government agencies, NGOs, and vaccine manufacturers use World Rabies Day as a tool to organize events, conferences, and campaigns led by experts to assist in the eradication of the disease. The government also announces plans and policies to progress toward the goal. In the long-term goal, the Global Strategic Plan for the eradication of this dog-mediated is aimed to be **Zero deaths by 30 (2030).**

1.0 INTRODUCTION

The Geethanjali College of Pharmacy, Cheeryal, Hyderabad, was established in the year 2007 and has organised National Pharmacovigilance Week from September 17th to September 23rd, 2022 with the theme "**ENCOURAGING REPORT OF ADR BY PATIENTS**" organised by the department of Pharmacy Practice, sponsored by Teja Educational Society, Hyderabad.

Considering the need, the PvPI has established 395 ADR monitoring centres across the country with the main mission to safeguard the health of the Indian population. It will serve as a platform for knowledge enrichment for the various stakeholders in the field of safety of medical products for the ultimate benefit of patients.

Various materials have been used to propagate the theme and the message to celebrate the national pharmacovigilance week.

- The event began with the almighty's invocation and the lighting of the lamp.

6.0 LIST OF VARIOUS EVENTS CONDUCTED

E-ESSAY WRITING

The event e-Essay writing competition was successfully conducted on September 22, 2022 under the coordination of Ms. G. Laxmi Prasanna. A total of 10 students participated in the event .

Evaluation of Essay Writing

SNo	Parameter	Score
1	Does the Essay make clear beginning related to Theme	/5
2	Does the Essay make clear Introduction	/5
3	Does the Essay make clear Body	/5
4	Does the Essay make clear Conclusion	/5
5	Is the Essay easy to read, organized in straightforward way, and free from grammar, spelling, and punctuation errors	/5

E-ESSAY WRITING COMPETITION GUIDELINES

1. Word limit of the Essay should not be more than 1500 words
2. Font: TIMES NEW ROMAN, 1.5 spacing, Font size 12
3. Only English language should be used for the essay

E-Essay Writing Competition Guidelines

1. The word limit of the essay should not be more than 1500 words.
2. Times New Roman, 1.5 spacing, Font size 12
3. Only English should be used for the essay.

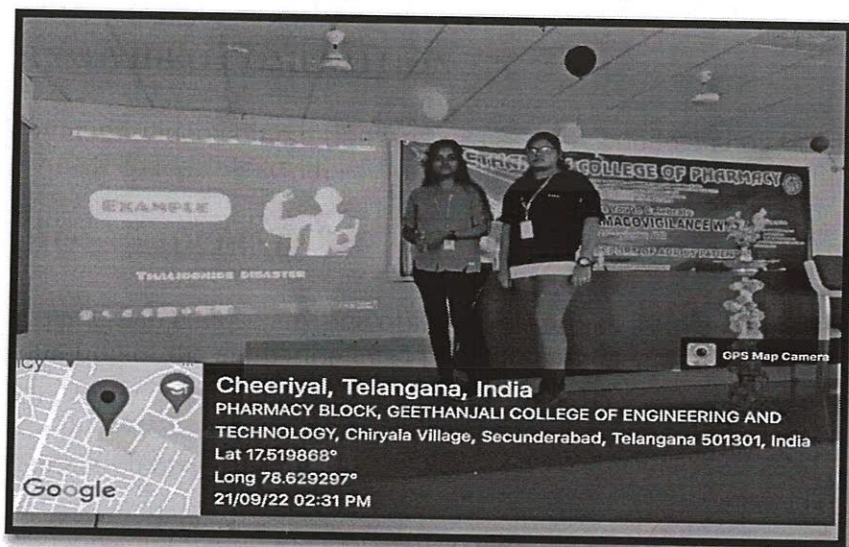

ANIMATION & VIDEO COMPETITION

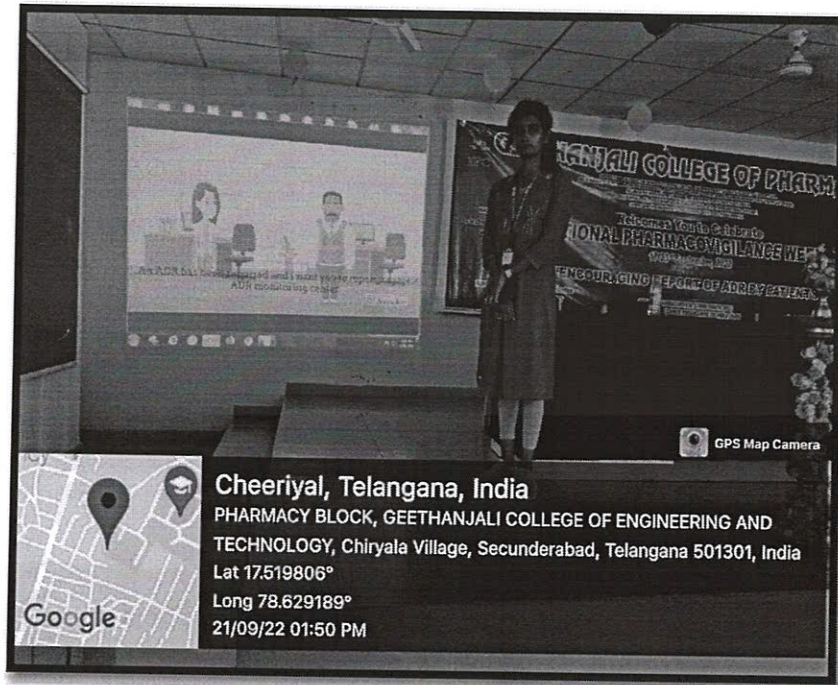

The event animation/video competition was successfully conducted on September 21, 2022 under the coordination of Mrs. HepsibhaModi . A total of three students participated in the event .

COMPETITION GUIDELINES

1. Participants can choose any one of the above topics for their animations or videos.
2. The duration of the animation must not be more than 5 minutes.
3. The size of the video must not be more than 25MB.
4. The English language should be used for the subtitles or contents.
5. The animation or video file format should be MP4.

1. Name the animation/video MP4 file with the topic of choice.

1. e-POSTER MAKING

The event e-Poster making competition was successfully conducted on September 21, 2022, under the coordination of Mrs. P. Madhuri. The event of **e-poster** making consists of 3 students, who made the poster on the theme "**Pharmacovigilance: A Step towards Patient Safety.**"

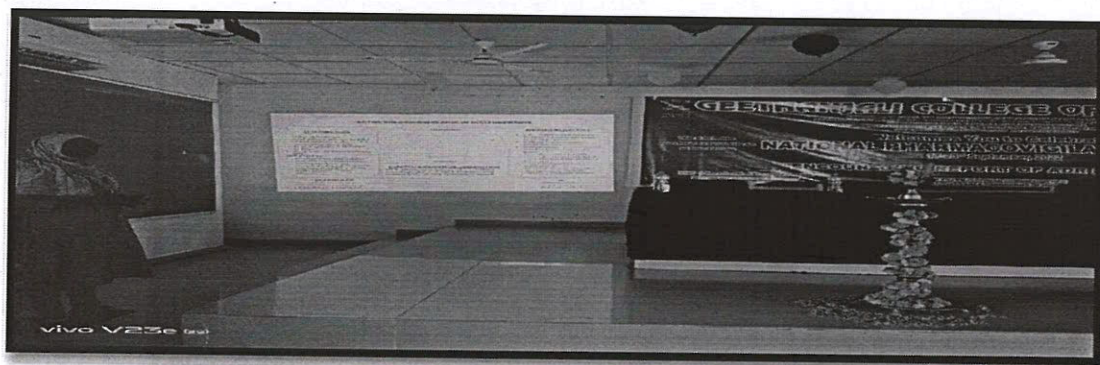

2. Name the animation/video MP4 file with the topic of choice.

e- POSTER MAKING COMPETITION PARAMETERS FOR EVALUATION

- Title.
- Text.
- Graphics.
- White space.
- Layout.
- Flow.
- Color.
- Skill of presenting the exact theme.

The posters will be judged according to the following criteria

- Creativity in making Poster (40%),
- Originality (30%)
- Relevance to the theme (30%)

Oral Presentations

The oral presentations were successfully conducted on 21/09/2022 and 22/09/2022 under the coordination of Mrs. S. Kiranmayee. A total of 05 students participated in the event.

Oral Presentation Competition Guidelines

1. Each participant has to make a PPT related to " Pharmacovigilance and allied subjects."
2. Each participant should give an oral presentation of eight minutes and after that two minutes for related questions.
3. The following information should be included in the document: code, participant name, HT No, year, and college details.
4. The decision of the judges/evaluators will be final and cannot be challenged.

PRESENTATION EVALUATION FORM

Name of Presenter:

6. DISCUSSION

The goal of World Hepatitis Day is to raise awareness of all five kinds of the illness—A, B, C, D, and E—and to encourage testing and prevention. Baruch Samuel Blumberg, the first scientist to discover hepatitis B, was born on July 28, and the World Health Assembly established this day to honor his birthday.

Global hepatitis is on the rise. Hepatitis can strike anybody, anywhere, at any age. In reality, according to the official World Hepatitis Day website, there are thought to be 400 million cases of hepatitis worldwide. Blood contact or sexual contact can both lead to the spread of hepatitis.

Hepatitis Day also serves as a way to recognise the significant advances in science that have been accomplished in the fields of hepatitis research and treatment. The good news is that there has been significant advancement in hepatitis prevention and treatment over the past 100 years. Hepatitis A and B vaccinations are currently available.

People in developing nations have the option of choosing to have these vaccines from their doctors at a young age. Hepatitis D and E are uncommon, but hepatitis C is simple to treat. Additionally, the World Hepatitis Alliance has established a goal to end all kinds of viral hepatitis by the year 2030 because they pose a serious risk to the public's health. When World Hepatitis Day is observed annually, awareness is raised, making this objective much more attainable.

Theme of the ~~2022~~ World Hepatitis Day

The theme for ~~2022~~ is "Hepatitis Can't Wait," which emphasizes the importance of the efforts required to completely eradicate hepatitis as a danger to public health by 2030.

7. OUTCOMES:

The awareness campaign helps spread information about the illness, as well as about current studies and breakthroughs.

8. CONCLUSION:

All of the individuals who live with this chronic illness were made more aware of their plight thanks to the day.

9. VALEDICTORY CEREMONY: The valedictory ceremony was conducted on 28/07/2022 with the report presentation by the organising committee department pharmacy practice.
