Department of Ph Chemistry and Ph Analysis, Geethanjali College of Pharmacy organized an “**Add-on course on Analytical Method Development and Validation**” from 15/09/2018 to 13/10/2018. This program covered the following objectives and learning outcomes.

Objectives:

- Study about importance of system suitability parameters in chromatographic methods.
- To get knowledge about development and optimization of chromatographic method.
- To get up date with the ICH and USFDA guidelines for analytical method validation parameters.

Learning Outcomes:

- Parameters influencing chromatographic method development and how to optimize the method.
- Reporting of the results of analytical method validation parameters and their significance.
- Development of analytical methods in a systematic view.

Totally 85 students participated actively in the training. The program was very much useful to the students and their response about the program was encouraging. Prof Dr. M. Ravi kumar thanked the resource persons and participants for making the program successful.

the students to understand the various novel drug delivery systems and appreciate the influence of new technology on the performance of the drug product. Totally 28 students participated in this training program. All the students actively participated. Upon completion of the program they were able to understand the following objectives and learning outcomes.

Objectives:

- Understand the criteria for selection of drugs and polymers for the development of novel drug delivery systems their formulation and evaluation.
- Understand various approaches for development of novel drug delivery systems.
- Understand various new technologies used in Pharmaceutical Industries.
- Understand the formulation and evaluation of novel drug delivery systems.
- Understand the principle involved in formulation of various advanced drug delivery systems.

Learning Outcomes:

1. Know various considerations in development of advanced drug delivery systems.
2. Formulate Gastro retentive drug delivery systems, Floating micro balloons, Magnetic drug delivery systems and evaluate them for their quality.

Name of the Add-on Course: Clinical Data Management (CDM) & Statistical Analysis System (SAS)

Duration: 15/09/18 to 13/10/18

Resource person details: Mr. P. Siva Ramakrishna, Digital Solutions Lead Consultant, NTT Data Global Delivery Solutions, Hyderabad.

Geethanjali College of Pharmacy, Cheeryal, Keesara, Hyderabad organized "Add-on Course on Clinical Data Management (CDM) and Statistical Analysis System (SAS)" for V year Pharm D and II year P.B students. The Clinical Data Management is a critical phase in clinical research, which leads to generation of high quality, reliable, and statistically sound data from clinical trials. This helps to produce a drastic reduction in time from drug development to marketing. Based on the industry need currently this program was organized for Pharm D. Total 20 students participated in this training program. All the students actively participated. Upon completion of the program they were able to understand the following objectives and learning outcomes.
